

Where a person comes from — his ancestry — is important, and like many small towns, Maycomb's citizens are suspicious of outsiders. Dill is a crucial character in the story because he is both an insider and an outsider. He hails from a different state, but because he is a child and because "His family was from Maycomb originally," he is accepted readily. Throughout the story, Dill acts as an observant conscience for the town. The first example of Dill as conscience comes when he and Jem disagree about the method for making a turtle come out of its shell.

A hefty portion of the story focuses on prejudice and the relationships between African Americans and whites in the Southern United States in general, and Maycomb, specifically. This chapter makes clear that Maycomb has very different rules for blacks and whites in the town, as evidenced by the children's surprise when Calpurnia speaks ill of Boo Radley's father because "Calpurnia rarely commented on the ways of white people."

Superstition is brought to light in the children's perception of Boo Radley. Much like a mystery novel, the first chapter gives readers the idea that things may not be what they seem on the surface, as when Scout's father, Atticus, says "there were other ways of making people into ghosts."

Scout gives readers their first insights into Atticus Finch in this chapter, as well. A patient and loving, if somewhat unusual, father, Atticus acts as the voice of reason for his children, and later the entire town. The fact that he has a "profound distaste for criminal law" foreshadows the emotions he has surrounding Tom Robinson's trial later in the story.

Another major theme in the novel that is introduced in this chapter is that of defining bravery. For the children at this point in the story, bravery means nothing more than accepting a dare to touch the Radley house.

However, Scout's first day at school is not at all the glorious experience she'd been expecting from the winters she spent "looking over at the schoolyard, spying on multitudes of children through a two-power telescope . . . learning their games, . . . secretly sharing their misfortunes and minor victories."

Scout's teacher, Miss Caroline Fisher, is new to teaching, new to Maycomb, and mortified that Scout already knows how to read and write. When Miss Caroline offers to
