The Quantum Exodus Gordon Fraser,2012-02-23 When the Nazis came to power in 1933 they immediately expelled Jewish academics unwittingly changing the power balance of world science When war came these scientific refugees raced to engineer the atomic bomb to prevent Nazi Germany getting there first This book tells the story of how the Bomb and the Holocaust became locked in a grisly race

The Truth in Both Extremes Robert S. Rayburn,2022-01-28 A phenomenon of biblical revelation that has provoked unending confusion and controversy is the penchant of the biblical writers to make assertions clear and intelligible in themselves that seem inconsistent with if not the virtual contradiction of assertions made elsewhere in the same Bible What is more the Bible essentially never acknowledges the paradoxes and never seeks to explain or resolve them Readers of the Bible encounter such contradictions at every turn in its theology its description of Christian experience and its ethical teaching These unreconciled emphases lie beneath the theological disagreements that have long separated Christians from one another Therefore coming to terms with this feature of biblical communication is of great importance While the existence of these many paradoxes in the Bible has long been recognized rarely have Christians been taught to expect them or what to do when confronted with them This brilliant feature of the biblical pedagogy is an accommodation to the limitations of the human

intellect serves to grant us access to the truth so far as we can comprehend it forces us to face facts we would otherwise prefer to ignore and makes of Christians themselves a unique complex of opposites *A sonnet to science* Sam Illingworth,2019-05-31 A sonnet to science presents an account of six ground breaking scientists who also wrote poetry and the effect that this had on their lives and research How was the universal computer inspired by Lord Byron Why was the link between malaria and mosquitos first captured in the form of a poem Who did Humphry Davy consider to be an illiterate pirate Written by leading science communicator and scientific poet Dr Sam Illingworth A sonnet to science presents an aspirational account of how these two disciplines can work together and in so doing aims to inspire both current and future generations of scientists and poets that these worlds are not mutually exclusive but rather complementary in nature
