*The Course* Ed Miller, 2015-04-28 The Course is different from other poker books you may have read It s written for players who are smart and who know that to succeed you have to be different Because in poker if you play and think like everyone else you ll also get results just like everyone else There s a saying in the golf world that you don t worry about the other players You just play the course It doesn t matter if you re playing in a big tournament against a hundred other players or against just one It doesn t matter if you re playing against Tiger Woods or against Woody the Woodpecker You can t control what they do so they can only be a distraction All that matters is the course And the only thing you can control is how you play it This is a powerful idea and it applies just as well in poker Poker is full of distractions and most players get hung up worrying about all the wrong things The things they can t control The things that ultimately don t matter The Course Serious Hold Em Strategy For Smart Players cuts through all the noise It s a practical and effective step by step guide to winning consistently at no limit hold em It teaches the game as a series of skills The first skill is the most important but also the most fundamental Each subsequent skill builds upon the last Master the first few skills and you can win at the 1 2 or 1 3 level Master the next few and you can win at 2 5 And master the final skills and you can hang at 5 10 among the best players at your local card room The Course focuses on the most important concepts that determine who wins and moves up and who doesn t And it ignores the distractions It doesn t waste your time and attention with ideas that don t apply to the games you play Unlike many other books this book is ruthlessly practical The ideas in The Course transfer directly from the page to the felt The book starts out by showing you where and how money is available to win Everything after teaches you how to go get it Skill by skill you will learn to win more money and win it faster The Course meets you where you are If you re just
