Beyond Freedom And Dignity:

Beyond Freedom and Dignity Burrhus Frederic Skinner,1972 Argues that concepts of freedom and dignity are destructive of values they claim to foster that a technology of behavior would be more productive of the good society

Beyond Freedom and Dignity Burrhus Frederic Skinner,1971 **Beyond Freedom and Dignity** Burrhus Frederic Skinner,2002-03 In this profound and profoundly controversial work a landmark of 20th century thought originally published in 1971 B F Skinner makes his definitive statement about humankind and society Insisting that the problems of the world today can be solved only by dealing much more effectively with human behavior Skinner argues that our traditional concepts of freedom and dignity must be sharply revised They have played an important historical role in our struggle against many kinds of tyranny he acknowledges but they are now responsible for the futile defense of a presumed free and autonomous individual they are perpetuating our use of punishment and blocking the development of more effective cultural practices Basing his arguments on the massive results of the experimental analysis of behavior he pioneered Skinner rejects traditional explanations of behavior in terms of states of mind feelings and other mental attributes in favor of explanations to be sought in the interaction between genetic endowment and personal history He argues that instead of promoting freedom and dignity as personal attributes we should direct our attention to the physical and social environments in which people live It is the environment rather than humankind itself that must be changed if the traditional goals of the struggle for freedom and dignity are to be reached Beyond Freedom and Dignity urges us to reexamine the ideals we have taken for granted and to consider the possibility of a radically behaviorist approach to human problems one that has appeared to some incompatible with those ideals but which envisions the building of a world in which humankind can attain its greatest possible achievements

Beyond Freedom and Dignity, by B.F. Skinner, and Its Probable Effect Upon the Law and Society Alan C. Rither,B. F. Skinner,Luvern V. Rieke,1972 *Beyond freedom and dignity* B. F. Skinner,1968 **Beyond Freedom**

& Dignity Burrhus Frederic Skinner,2012 **An Index to B.F. Skinner's Beyond Freedom and Dignity** Terry J. Knapp,1974* **Beyond Freedom and Dignity. (Phonotape).** Burrhus Frederic Skinner,1972 Politics and Human Nature Ian Forbes,Steve Smith,2016-10-06 Human nature is political and this volume explains why and how It is of interest to students of political thought and behaviour as well as those studying the history of ideas and political philosophy The subjects discussed in this book include the conceptions of human nature at the heart of political argument and theory the identification of major theories of human nature and the functions they perform in epistemological and explanatory terms the examination of key individual thinkers and major intellectual traditions probing the origins and impact of each view of human nature and assessing their theoretical and practical strengths as well as a practical orientation focusing on specific areas of politics to highlight the role played by often competing theories of human nature and so contrast their accuracy and efficacy The conclusion brings into close contrast the separate theories of human nature as it applies to politics throwing into sharp

relief the major problems found in its varied form and usage and pinpoints the prerequisites for the sound but fruitful study of politics and human nature *God and Human Freedom* Rev Fr. Francis Iyke Agada,2015-07-22 Anselm has an amazing thought pattern that captures attention though very complex yet one cannot resist his arguments to the next page which is a joy to read Michael Ivan PhD Anselm writes with grace and wit about one of the fundamental issues of our time drawn from the most ancient to recent research and arguments He makes the science of old aged issues on human freedom accessible and insightful to contemporary readers Iwueke Charles B Phil Could it be that God views our freedom as a threat to his own powers God and Human freedom **Patty's Got a Gun** William Graebner,2024-05-31 It was a story so bizarre it defied belief in April 1974 twenty year old newspaper heiress Patricia Hearst robbed a San Francisco bank in the company of members of the Symbionese Liberation Army who had kidnapped her a mere nine weeks earlier But the robbery and the spectacular 1976 trial that ended with Hearst s criminal conviction seemed oddly appropriate to the troubled mood of the nation an instant exemplar of a turbulent era With Patty s Got a Gun the first substantial reconsideration of Patty Hearst s story in more than twenty five years William Graebner vividly re creates the atmosphere of uncertainty and frustration of mid 1970s America Drawing on copious media accounts of the robbery and trial as well as cultural artifacts from glam rock to Invasion of the Body Snatchers Graebner paints a compelling portrait of a nation confused and frightened by the upheavals of 1960s liberalism and beginning to tip over into what would become Reagan era conservatism with its invocations of individual responsibility and the heroic Trapped in the middle of that shift the affectless zombielike brainwashed Patty Hearst was a ready made symbol of all that seemed to have gone wrong with the sixties the inevitable result some said of rampant permissiveness feckless elitism the loss of moral clarity and feminism run amok By offering a fresh look at Patty Hearst and her trial for the first time free from the agendas of the day yet set fully in their cultural context Patty s Got a Gun delivers a nuanced portrait of both an unforgettable moment and an entire era one whose repercussions continue to be felt today

Law, Power, and Personal Freedom Lionel H. Frankel,1975 **The Utopian Dilemma in the Western Political Imagination** John Farrell,2023-03-31 In this volume John Farrell shows that political utopias societies with laws and customs designed to short circuit the foibles of human nature for the benefit of our collective existence have a perennial opponent the honor based culture of aristocracy that dominated most of the world from ancient times into early modernity and whose status based competitive psychology persists to the present day While utopias aim at equality the heroic imperative defends the need for personal and collective dignity It asks the utopian Do we really want to live in a world without struggle without heroes and without the stories they create Because the utopian dilemma pits essential values against each other equity versus freedom dignity versus justice few who confront it can simply take sides Rather the dilemma itself has been a generative stimulus for classic authors from Plato and Thomas More to George Orwell and Aldous Huxley Farrell follows their struggles with the utopian dilemma and with each other providing a deepened understanding of the moral and emotional
