Ozuruome,2024-09-13 Think and Thank is an innovative book that intertwines nonfiction and fictional narratives to define success as the continuous pursuit of a worthy ideal The author leveraging real life experiences and thorough research underscores the significance of ongoing growth and high aspirations The book serves as a crucial guide in a world marked by constant change offering insights into why some achieve happiness and wealth while others do not Central to its message is the ability to think constructively rather than worry aimlessly a skill deemed essential for reaching one s worthy ideal The book is structured into three enlightening parts thinking planning and acting The first part delves into the art of thinking differentiating it from mere worrying The second part builds on this by promoting careful planning and the final part emphasizes the importance of taking action as true understanding is evidenced by application Written in clear accessible language Think and Thank respects the diverse backgrounds of its readers enriching their journey with psycho philosophical scientific and scriptural references Think and Thank goes beyond the typical self help genre by embracing an Agile mindset addressing life s realities and empowering readers to make decisions that align with their ideals It is designed to unlock dormant potential and guide readers through life s complexities with wisdom and gratitude This book is an essential read for anyone aiming to navigate their personal and professional lives successfully *Business Week* ,1987 **Nursing Times, Nursing Mirror** ,1994 *Parliamentary Debates (Hansard)*.
