**The Bartering Mindset** Brian C. Gunia, 2019-02-08 We use money to solve our everyday problems and it generally works well Despite its economic benefits however money has a psychological downside it trains us to think about negotiations narrowly leading us to negotiate badly Suggesting that we need a non monetary mindset to negotiate better The Bartering Mindset shows us how to look outside the monetary economy to the bartering economies of the past where people traded what they had for what they needed The book argues that because of the economic difficulties associated with bartering barterers had to use a more sophisticated form of negotiation a strategic approach that can make us master negotiators today This book immerses readers in the assumptions made by barterers collectively referred to as the bartering mindset and then demonstrates how to apply this mindset to

modern monetary negotiations The Bartering Mindset concludes that our individual organizational and social problems fester for a predictable reason we apply a monetary mindset to our negotiations leading to suboptimal thinking counterproductive behaviors and disappointing outcomes By offering the bartering mindset as an alternative this book will help people negotiate better and thrive *Kennedy on Negotiation* Gavin Kennedy,2017-03-02 Negotiation is a vital skill for every manager As a result there are almost as many patented techniques for negotiation as there are managers each proclaiming to be the definitive route to success The authors behind these techniques keep their work very much to themselves Their fundamentally different approaches to negotiation remain in isolation from each other as if their authors were too polite to contradict others in the field In most cases when you are developing your negotiation skills this leaves you with a stark choice pick a single technique and ignore the rest Until now *Kennedy on Negotiation* is an authoritative and comprehensive guide to negotiation skills training and practice Dr Kennedy uses the well established Four Phases model as the structure around which he critiques constructively the numerous competing theories and models Gavin Kennedy s book is everything you would expect from one of the most respected writers on negotiation It is a readable and reliable guide to all that is best in the various contributions to negotiation training from authors such as John Nash Walton and McKersie Atkinson Nierenberg Rubin and Brown Gottschalk Karass Fisher and Ury and many more including Gavin Kennedy himself

Negotiation Genius Deepak Malhotra,Max Bazerman,2008-08-26 From two leaders in executive education at Harvard Business School here are the mental habits and proven strategies you need to achieve outstanding results in any negotiation Whether you ve seen it all or are just starting out *Negotiation Genius* will dramatically improve your negotiating skills and confidence Drawing on decades of behavioral research plus the experience of thousands of business clients the authors take the mystery out of preparing for and executing negotiations whether they involve multimillion dollar deals or improving your next salary offer What sets negotiation geniuses apart They are the men and women who know how to Identify negotiation opportunities where others see no room for discussion Discover the truth even when the other side wants to conceal it Negotiate successfully from a position of weakness Defuse threats ultimatums lies and other hardball tactics Overcome resistance and sell proposals using proven influence tactics Negotiate ethically and create trusting relationships along with great deals Recognize when the best move is to walk away And much much more This book gets down and dirty It gives you detailed strategies including talking points that work in the real world even when the other side is hostile unethical or more powerful When you finish it you will already have an action plan for your next negotiation You will know what to do and why You will also begin building your own reputation as a negotiation genius **Negotiation** ,2003-06-23 Negotiation whether brokering a deal mediating a dispute or writing up a contract is both a necessary and challenging aspect of business life This guide helps managers to sharpen their skills and become more effective deal makers in any situation Marketing in the 21st Century Bruce D.
