Charles Addams A Cartoonists Life:

Charles Addams Linda H. Davis,2021-10-19 The Addams Family is creepy and kooky but wait till you see what their creator had in his apartment In Charles Addams A Cartoonist s Life meet the legendary cartoonist behind the altogether ooky Addams Family in this first biography written with exclusive access to Charles Addams s private archives Take a front row seat to the widespread rumors and storytelling genius behind one of America s oddest and most iconic creators Even as The Addams Family grew in fame the life of Charles Addams remained shrouded in mystery Did he really sleep in a coffin and drink martinis garnished with eyeballs In reality Addams himself was charismatic and spellbinding as the characters he created Discover the real stories behind Addams s most famous and most private drawings including the cartoon that offended the Nazis From his dazzling love for sports cars and beautiful women Jackie Kennedy and Joan Fontaine among them to the darkest relationship of his life this witty book reveals Addams s life as never before With rare family photographs previously published cartoons and private drawings seen here for the first time Linda H Davis provides a fascinating journey into the life of a beloved American icon

Cast of Characters Thomas Vinciguerra,2015-11-05 Exuberant elegantly conjures an evocative group dynamic Sam Roberts New York Times From its birth in 1925 to the early days of the Cold War The New Yorker slowly but surely took hold as the country s most prestigious entertaining and informative general interest periodical In Cast of Characters Thomas Vinciguerra paints a portrait of the magazine s cadre of charming wisecracking driven troubled brilliant writers and editors He introduces us to Wolcott Gibbs theater critic all around wit and author of an infamous 1936 parody of Time magazine We meet the demanding and eccentric founding editor Harold Ross who would routinely tell his underlings I m firing you because you are not a genius and who once mailed a pair of his underwear to Walter Winchell who had accused him of preferring to go bare bottomed under his slacks Joining the cast are the mercurial blind James Thurber a brilliant cartoonist and wildly inventive fabulist and the enigmatic E B White an incomparable prose stylist and Ross s favorite son who married The New Yorker s formidable fiction editor Katharine Angell Then there is the dashing St Clair McKelway who was married five times and claimed to have no fewer than twelve personalities but was nonetheless a superb reporter and managing editor alike Many of these characters became legends in their own right but Vinciguerra also shows how as a group The New Yorker s inner circle brought forth a profound transformation in how life was perceived interpreted written about and published in America Cast of Characters may be the most revealing and entertaining book yet about the unique personalities who built what Ross called not a magazine but a movement

Polyptych: Adaptation, Television, and Comics Reginald Wiebe,2021-09-07 Through each of its chapters Polyptych Adaptation Television and Comics examines the complex dynamics of adapting serialized texts The transmedial adaptation of collaborative and unstable texts does not lend itself to the same strategies as other more static adaptations such as novels or plays Building off the foundational work of Linda Hutcheon and Gerard Genette Polyptych considers the analogy of adaptation

as a palimpsest a manuscript page that has been reused leaving traces of the previous work behind as needing to be reevaluated A polyptych is a multi panel artwork and provides a new model for analyzing how adaptation works when translating collaborative and unstable texts Given that most television and comic books are episodic and serialized and considering that both media are also the cumulative work of many artists this book offers a series of distanced readings to reassess how adaptation works in this field Comic book adaptations on television are plentiful and are nearly completely ignored in critical discussions of adaptation This collection focuses on texts that fall outside the most common subjects of study among the corpus and contributes to expanding the field of inquiry The book features texts that are subjects of previous academic interest as well as studies of texts that have never before been critically considered It also includes an appendix that provides the first list of comic book adaptations on North American television Polyptych is a unique and timely contribution to dynamic and growing fields of study The book will be of interest to scholars and researchers in the fields of Comic Studies Adaptation Studies and Critical Media Studies more broadly as well as to students undertaking courses on these subjects It will also appeal to comic book and pop culture fans who wish to expand their knowledge on the subject

Cultural Seeds: Essays on the Work of Nick Cave Tanya Dalziel, Karen Welberry, 2016-05-13 Nick Cave is now widely recognized as a songwriter musician novelist screenwriter curator critic actor and performer From the band The Boys Next Door 1976 1980 to the spoken word recording The Secret Life of the Love Song 1998 to the recently acclaimed screenplay of The Proposition 2005 and the Grinderman project 2008 Cave s career spans thirty years and has produced a comprehensive and sometimes controversial body of work that has shaped contemporary alternative culture Despite intense media interest in Cave there have been remarkably few comprehensive appraisals of his work its significance and its impact on understandings of popular culture In addressing this absence the present volume is both timely and necessary Cultural Seeds brings together an international range of scholars and practitioners each of whom is uniquely placed to comment on an aspect of Cave s career The essays collected here not only generate new ways of seeing and understanding Cave s contributions to contemporary culture but set up a dialogue between fields all too often separated in the academy and in the media Topics include Cave and the Presley myth the aberrant masculinity projected by The Birthday Party the postcolonial Australian ness of his humour his interventions in film and his erotics of the sacred These essays offer compelling insights and provocative arguments about the fluidity of contemporary artistic practice
