Communicating with Strangers William B. Gudykunst, Young Yun Kim, 1984 *Communicating with Strangers* William B. Gudykunst, Young Yun Kim, 2002-07-01 **Communicating with Strangers** William B. Gudykunst, Young Yun Kim, 1992

This successful intercultural communication text provides a comprehensive overview of important theory and research in intercultural communication *Communicating with Strangers* looks at the basic processes of intercultural communication and ties those processes to the practical task of creating understanding between people of different cultures backgrounds and communication patterns *Communicating with Strangers* William B. Gudykunst, Young Yun Kim, 1984-01-01 **Culture as the Core** Dale L. Lange, 2000-09-05 This volume addresses integrating culture into second language classrooms featuring chapters from symposia and conferences at the University of Minnesota It combines theoretical discussions with practical applications aiming to refine and translate cultural learning theories into classroom practice **Teaching Communication** Anita L. Vangelisti, John A. Daly, Gustav W. Friedrich, 2013-11-05 The field of communication was founded in part because of a need to make people better communicators That meant teaching them how to communicate more effectively whether it be in public settings or in private Most of that teaching has happened within the classroom and many professionals have spent their lives instructing others on various aspects of communication Inside this second edition the editors have assembled a fully comprehensive and contemporary discussion of topics and issues concerning the teaching of communication The chapters contained herein contributed by key voices throughout the communication discipline address conceptual as well as practical issues related to communication instruction The contents of this new edition reflect the dramatic changes that have occurred in communication education since the publication of the first edition in 1990 This book focuses initially on the goals of communication education then delves into the preparation of specific communication courses It includes assistance for instructors in organizing instructional content and discusses the use of instructional strategies and tools as well as offering ideas on evaluating the processes and products of instruction The volume also covers unique teaching assignments that may be encountered from the basic course to continuing education and addresses 2 year college teaching directing forensic programs distance education and consulting It concludes with important professional issues faced by both new and experienced communication instructors including ethics and political issues within classrooms and departments This volume is a necessity for anyone starting out a career as a communication instructor Veteran educators who know that learning to teach is a continual growth experience will find useful and invaluable information within the book s pages Whatever background and level of experience all communication educators will find this new edition to be an essential resource for their work *Bridging Differences* William B. Gudykunst, 1998-06-11 New edition of a text which presents a theory to explain communication between people from different cultures Gudykunst speech communication California State U in Fullerton provides an overview of the communication process and looks at managing uncertainty and anxiety understanding
