

Wave Recognition

A pair of pattern-recognition cards is used orally. The sequence combinations they pass through (including and excluding the observed) patterns. Individual combinations are given. Students produce the corresponding combinations. Make a similar recognition for different patterns that will produce. Use the same sets of patterns. They are identified & distinguished.

The grid consists of 10 rows of pattern-recognition cards. Each row contains two cards with a wave pattern. The patterns are variations of a zigzag line. A callout box on the right side of the grid contains a small diagram of a wave and the text "Wave pattern".
