Constituting Our Constitution Constituting Ourselves:

Max Scheler in Dialogue Susan Gottlöber, 2022-05-18 This volume explores Max Scheler's role within the philosophical and sociological debates of his time into the 21st century. Scheler was an interpreter, a transmitter of and respondent to the philosophical and sociological tradition. He was an interlocutor for his contemporaries and an inspiration for subsequent and current debates in philosophy, psychology, and political thought. Both young and established scholars shed light on central and less investigated aspects of Scheler's thought such as the question of moral facts, personal individuality, cosmopolitanism, and opportunities for intercultural understanding. The contributors delve into Scheler's influence on thinkers such as Tischner or Løgstrup as well as his role as a key figure within Catholic thought. The book appeals to students and researchers while exploring how engaging with Scheler can benefit contemporary debates on embodiment, psychopathology, and value pluralism.

Proceedings of the 28th- Continental Congress of the National Society of the Daughters of the American Revolution Daughters of the American Revolution, 1914 [The Brennan Center Jorde Symposium on Constitutional Law](#), 2006 [Progressive Constitutionalism](#) Robin West, 1994 The Fourteenth Amendment guarantees all citizens equal protection under the law as well as immunity from laws that deprive them of life, liberty, or property without due process of law. In *Progressive Constitutionalism* Robin West develops an interpretation of this amendment that contrasts with the views conservative and liberal of the Rehnquist, Burger, and Warren Courts and with the radical antisubordinationist account provided by the critical legal studies movement and many prominent feminist and critical race theorists. Her interpretation consists of a substantive argument regarding the Amendment's core meaning and a jurisprudential argument regarding the role of the courts and Congress in fulfilling the Amendment's progressive promise. West shows how the equal protection clause far from insulating the private spheres of culture, market, and home life as is commonly held, directly targets abuses of power within those spheres. She develops a number of arguments for the modern relevance of this understanding from the failure of the state to provide equal protection against private domestic violence, permitting a private sovereignty of patriarchal power within the home to the state's failure to provide equal protection against material deprivation, allowing private sovereignty between economically privileged and

desperate people in private markets West's argument extends to the liberty prong of the due process clause seen here as a protection of the positive not negative liberty of citizens covering rights in such typically controversial areas as welfare education and domestic safety This interpretation recasts a number of contemporary constitutional issues such as affirmative action and hate speech and points to very different problems notably private unchecked criminal violence and extreme economic deprivation as the central constitutional dilemmas of our day Progressive Constitutionalism urges a substantive institutional and jurisprudential reorientation of our understanding of the Fourteenth Amendment one that would necessarily be pursued through Congressional rather than judicial channels In doing so with attention to history and both feminist and critical race scholarship it should reinvigorate our politics and our constitutional conversations and perhaps point us toward a more just society *On the Problem of Human Dignity* Mette Lebeck, 2009 Michel Foucault Barry Smart, 1994
