**Folktales from the Kom Kingdom** Ernest Timnge, 2017-06-09 African oral tradition particularly in the Kom culture constitutes the main backbone on which African literature is developed and built African oral tradition is rich in performance The most important thing about this tradition is that it does not only provide entertainment but also teaches important moral lessons The stories in African Folktales from Kom Kingdom are original and purely works of fiction Some of the stories may be inspired by true life experiences from the past while others grew from the author's colorful imagination These are stories of forbidden love royalty forest gods and more For this genre of literature to survive the pressure of the current modern age and progress to the next generation stories must be recorded Massive and aggressive efforts have been made by experts in African oral tradition to collect transcribe translate and analyze this genre before it completely disappears from the world scene

**My Dwelling Place** Deborah L Roeger, 2024-04-16 The concept of God's presence is deeply embedded in Christian teaching from God's presence in the Garden of Eden through the hope of God's presence in the New Earth But what does it that mean Many Christians find it difficult to explain what is meant by God's presence We hear of God being especially present in a worship service or of specific places where God's presence is expected by the pilgrims who travel there We know that God's presence was somehow in the tabernacle and will be part of the new earth when Jesus returns It is also taught that God is omnipresent that is present everywhere and always p But what is God's presence What does it take for Him to dwell among His people and why does it matter In this third volume under the Lost in Translation imprint Deborah Roeger applies her in depth and detailed yet extremely practical approach to Bible study to look at God's presence in its many forms and manifestations from the creation to the restoration of God's creation As she traces God's dwelling presence through the pages of Scripture she looks thoughtfully at what God requires of us so He can be present among us In the process she provides a thematic look at the whole of scripture that can be used as a guide to study other topics with full attention to the overall context of the story we find in Scripture It is the story of God who created for His glory and longs for the restoration of His dwelling presence among His creation This understanding of the broad context will help you put other events in their proper place in the history of God's plan of salvation My Dwelling Place is not just an explanation of biblical terms It is first of all an explanation of what it takes for God to come and dwell among us It is then a call to take up our mission and the gifts God has given us and to learn to practice His presence at all times As in each volume in this series there is a valuable added resource in the appendix discussing how to do word studies and how to use both available tools for Bible study and to take the context of each passage seriously when doing so This study can be read individually but it is especially valuable as a resource for small group study or for a transforming church wide study

Gods Many and Lords Many John Ferguson, 1982 There is a story from the Kalahari Bushmen about creation Mantis the primal preying mantis is the spirit of creation His supreme creation was the Eland But Mantis children watched him secretly and

one day when he was away they killed the Eland and ate him Mantis was desolate He went to the scene of the killing and there he found on a bush the indigestible gall of the Eland He told the gall that he would jump on it and pierce it through The gall answered that if he did it would burst open and cover him Mantis was tempted to go away after his children He resisted the temptation leaped upon the gall pierced it through and was swamped in bitter darkness Here as he groped unseeing his grip suddenly lighted upon an ostrich feather He used this to wipe the gall from his face and flung the feather into the sky to be the moon How would you interpret this story John Ferguson uses this creation myth and others like it to introduce us to countless expressions of religious faith in places as diverse as Africa Asia Australasia and America Many who find it difficult even to think of gods many and lords many will still want to try to understand and this book with its thoughtful and challenging question and discussion structure will provide many valuable insights into primal religious thought
