If you are on Facebook, you know how flooded it is with swampers (the wrong way). There are many Abuser Swamper groups, but this is the best one we found for support and education on how to spot a swamper profile and get profiles removed. Help is available to you. Don't feel alone. We highly recommend this group and there is only one requirement to join. If your profile cannot be along with no picture and information on it your friends can't follow, once you request to join, you will be contacted by the Admin or Moderator to temporarily open your profile for us they can check to make sure you have no swampers on it.
