CHARACTER ANALYSIS

THIRD, ENLARGED EDITION

Character Analysis Wilhelm Reich

Wilhelm Reich, Vincent R. Carfagno

Character Analysis Wilhelm Reich:

Character Analysis Wilhelm Reich, 1972 *Character Analysis* Wilhelm Reich, 1972 **Wilhelm Reich's Character Analysis in Its Historical Context** R. Daniel McCauley, 1986 **Character Analysis** Wilhelm Reich, Vincent R. Carfagno, 1973 Reich's classic work on the development and treatment of human character disorders first published in 1933. As a young clinician in the 1920s Wilhelm Reich expanded psychoanalytic resistance into the more inclusive technique of character analysis in which the sum total of typical character attitudes developed by an individual as a blocking against emotional excitations became the object of treatment. These encrusted attitudes functioned as an armor which Reich later found to exist simultaneously in chronic muscular spasms. Thus mind and body came together and character analysis opened the way to a biophysical approach to disease and the prevention of it. [The Body's Expression : The Silent Story of Wilhelm Reich's Character Analysis](#) Rebecca L. Schack, 2019 Wilhelm Reich the father of somatic psychotherapy developed a descriptive prescriptive and diagnostic theory detailing physical and psychological traits that make up predictable character structures. Each character structure is imbued with predilections toward specific types of physical tightening and restriction leading to patterns of muscular armoring that restrict the flow of life energy. These restrictions relate to common psychological ailments including anxiety and depression. Utilizing a heuristic methodology this thesis explores the functional unity of the mind and the body and the therapeutic impact of Reich's framework. This study investigates how an understanding of Reich's theory on character analysis and the evolution of Reich's work can help orient the psychotherapist to integrate a somatic perspective into contemporary mainstream psychotherapy. A series of flexible character maps contributes to clinicians knowledge of belief systems physiological structure and psychological traits that are reactions to adversity at specific stages of development. **The Evolution of Psychoanalytic Technique** Martin S. Bergmann, Frank R. Hartman, 1990 Available for the first time in English this is the definitive account of the practice of sexual slavery the Japanese military perpetrated during World War II by the researcher principally responsible for exposing the Japanese government's responsibility for these atrocities. The large scale imprisonment and rape of thousands of women who were euphemistically called comfort women by the Japanese military first seized public attention in 1991 when three Korean women filed suit in a Toyko District Court stating that they had been forced into sexual servitude and demanding compensation. Since then the comfort stations and their significance have been the subject of ongoing debate and intense activism in Japan much if it inspired by Yoshimi's investigations. How large a role did the military and by extension the government play in setting up and administering these camps? What type of compensation if any are the victimized women due? These issues figure prominently in the current Japanese focus on public memory and arguments about the teaching and writing of history and are central to efforts to transform Japanese ways of remembering the war. Yoshimi Yoshiaki provides a wealth of documentation and testimony to prove the existence of some 2 000 centers where as many as 200 000 Korean

Filipina Taiwanese Indonesian Burmese Dutch Australian and some Japanese women were restrained for months and forced to engage in sexual activity with Japanese military personnel Many of the women were teenagers some as young as fourteen To date the Japanese government has neither admitted responsibility for creating the comfort station system nor given compensation directly to former comfort women This English edition updates the Japanese edition originally published in 1995 and includes introductions by both the author and the translator placing the story in context for American readers

Unlocking Personal Freedom: Wilhelm Reich's Revolutionary Approach to Character Analysis and Self-Regulation Wilhelm Reich ,2024-07-20 Wilhelm Reich s pioneering insights into character analysis and self regulation offer a transformative approach to personal freedom and emotional well being By embracing the principles of emotional armoring orgone energy and holistic integration individuals can embark on a journey of self discovery and healing Reich s legacy continues to inspire self help literature empowering individuals to cultivate resilience authenticity and vitality in their lives Explore Reich s revolutionary theories embody the principles of emotional liberation and embark on a path towards holistic health personal growth and profound self awareness

The Comic Worlds of Peter Arno, William Steig, Charles Addams, and Saul Steinberg Iain Topliss,2005 Iain Topliss presents a scholarly study of the drawings by Peter Arno William Steig Charles Addams Saul Steinberg that have graced the pages of the New Yorker magazine

Secrets of the Soul Eli Zaretsky,2005-08-09 The fledgling science of psychoanalysis permanently altered the nineteenth century worldview with its remarkable new insights into human behavior and motivation It quickly became a benchmark for modernity in the twentieth century though its durability in the twenty first may now be in doubt More than a hundred years after the publication of Freud s The Interpretation of Dreams we re no longer in thrall says cultural historian Eli Zaretsky to the romance of psychotherapy and the authority of the analyst Only now do we have enough perspective to assess the successes and shortcomings of psychoanalysis from its late Victorian Era beginnings to today s age of psychopharmacology In Secrets of the Soul Zaretsky charts the divergent schools in the psychoanalytic community and how they evolved sometimes under pressure from sexism to feminism from homophobia to acceptance of diversity from social control to personal emancipation From Freud to Zolof Zaretsky tells the story of what may be the most intimate science of all

Mutual Analysis Peter L. Rudnytsky,2021-11-29 S ndor Ferenczi s mutual analysis with Elizabeth Severn the patient known as R N in the Clinical Diary is one of the most controversial and consequential episodes in the history of psychoanalysis In his latest groundbreaking work Peter L Rudnytsky draws on a trove of archival sources to provide a definitive scholarly account of this experiment which constitutes a paradigm for relational psychoanalysis as Freud s self analysis does for classical psychoanalysis In Part 1 Rudnytsky tells the story of Severn s life and traces the unfolding of her ideas culminating in The Discovery of the Self He shows how her book contains disguised case histories not only of Ferenczi and Severn herself and thereby forms an indispensable companion volume to Ferenczi s Clinical Diary but also of Severn s

daughter Margaret an internationally acclaimed dancer whose history of childhood sexual abuse uncannily replicated Severn's own Part 2 compares Severn to Clara Thompson and Izette de Forest as transmitters of Ferenczi's legacy sets the record straight about Ferenczi's final illness and reveals how Severn went beyond Freud and Groddeck in her capacity as Ferenczi's analyst Finally in Part 3 Rudnytsky delineates the contrast between Freud and Ferenczi as men and thinkers and makes it clear why he agrees with Erich Fromm that Ferenczi's example demonstrates how Freud's attitude need not be that of all analysts The first comprehensive study of Ferenczi's mutual analysis with Severn this book is a profound reexamination of Ferenczi's relationship to Freud and an impassioned defense of Severn and Ferenczi's views on the nature and treatment of trauma It will appeal to psychoanalysts and psychotherapists especially to relational analysts self psychologists and trauma theorists [Reich Speaks of Freud](#) Wilhelm Reich,2013-07-02 The core of this book is a tape recorded interview of Wilhelm Reich conducted by a representative of the Sigmund Freud Archives Inc Published here for the first time it is a profoundly human and an unusually candid document that supplies a long awaited clarification of the relationship between Reich and Freud Reich discusses the personally tragic but scientifically vital implications of his relationship with Sigmund Freud in a manner both simple and concise placing the reader in a position to determine for himself what was at issue The book has an extensive documentary supplement containing pertinent extracts from Reich's writings as well as previously unpublished material from his archives including letters to Freud Adler Ferenczi and others involved in the early struggles within psychoanalysis It also includes documents revealing the unrelenting hostility of the psychoanalysts toward Reich

Resolving Resistance in Group Psychotherapy Leslie Rosenthal,1993-12-01 A mixture of theory and practice this study of individual and group resistance in psychotherapy is illustrated by numerous clinical vignettes Offering techniques for handling and resolving resistance within the group setting it should appeal to clinicians and group therapists [The International Journal of Psycho-analysis](#) Ernest Jones,1927 Include abstracts and book reviews **Artist as Author** Christa Noel Robbins,2021-06-29 With Artist as Author Christa Noel Robbins provides the first extended study of authorship in mid 20th century abstract painting in the US Taking a close look at this influential period of art history Robbins describes how artists and critics used the medium of painting to advance their own claims about the role that they believed authorship should play in dictating the value significance and social impact of the art object Robbins tracks the subject across two definitive periods the New York School as it was consolidated in the 1950s and Post Painterly Abstraction in the 1960s Through many deep dives into key artist archives Robbins brings to the page the minds and voices of painters Arshile Gorky Jack Tworikov Helen Frankenthaler Kenneth Noland Sam Gilliam and Agnes Martin along with those of critics such as Harold Rosenberg and Rosalind Krauss While these are all important characters in the polemical histories of American modernism this is the first time they are placed together in a single study and treated with equal measure as peers participating in the shared late modernist moment [Character-analysis](#) Wilhelm Reich,1967 [International Journal of Sex-economy and](#)

Orgone-research ,1942 **The Psychoanalytic Reader; an Anthology of Essential Papers with Critical Introductions**
,1948 **Psychoanalysis Under Nazi Occupation** Laura Sokolowsky,2021-09-30 Laura Sokolowsky's survey of psychoanalysis under Weimar and Nazism explores how the paradigm of a psychoanalysis for all became untenable as the Nazis rose to power. Mainly discussing the evolution of the Berlin Institute during the period between Freud's creation of free psychoanalytic centres after the founding of the Weimar Republic and the Nazi seizure of power in 1933, the book explores the ideal of making psychoanalysis available to the population of a shattered country after World War I and charts how the Institute later came under Nazi control following the segregation and dismissal of Jewish colleagues in the late 1930s. The book shows how Freudian standards resisted the medicalisation of psychoanalysis for purposes of adaptation and normalisation but also follows Freud's distinction between sacrifice where you know what you have given up and concession, an abandonment of position through compromise to demonstrate how German psychoanalysts put themselves at the service of the fascist master in the hope of obtaining official recognition and material rewards. Discussing the relations of psychoanalysis with politics and ethics as well as the origin of the Lacanian movement as a response to the institutionalisation of psychoanalysis during the Nazi occupation, this book is fascinating reading for scholars and practitioners of psychoanalysis working today.

Sartre and Psychoanalysis Betty Cannon,1991 Betty Cannon is the first to explore the implications of Sartrean philosophy for the Freudian psychoanalytic tradition. Drawing upon Sartre's work as well as her own experiences as a practicing therapist, she shows that Sartre was a fellow traveler who appreciated Freud's psychoanalytic achievements but rebelled against the determinism of his metatheory. The mind, Sartre argued, cannot be reduced to a collection of drives and structures nor is it enslaved to its past as Freud's work suggested. Sartre advocated an existentialist psychoanalysis based on human freedom and the self's ability to reshape its own meaning and value. Through the Sartrean approach, Cannon offers a resolution to the crisis in psychoanalytic metatheory created by the current emphasis on relational needs. By comparing Sartre with Freud and influential post-Freudians like Melanie Klein, Otto Kernberg, Margaret Mahler, D.W. Winnicott, Heinz Kohut, Harry Stack Sullivan, and Jacques Lacan, she demonstrates why the Sartrean model transcends the limitations of traditional Freudian metatheory. In the process, she adds a new dimension to our understanding of Sartre and his place in twentieth-century philosophy.

The Technique of Psychotherapy Lewis R. Wolberg M.D.,1954
