Multi Criteria Decision Analysis

Valerie Belton, Theodor Stewart

Multi Criteria Decision Analysis:

Multiple Criteria Decision Analysis Valerie Belton, Theodor Stewart, 2002 The field of multiple criteria decision analysis MCDA also sometimes termed multiple criteria decision aid or multiple criteria decision making MCDM has developed rapidly over the past quarter century and in the process a number of divergent schools of thought have emerged Multiple Criteria Decision Analysis An Integrated Approach provides a comprehensive yet widely accessible overview of the main streams of thought within MCDA Two principal aims are To provide sufficient awareness of the underlying philosophies and theories understanding of the practical detail of the methods and insight into practice to enable researchers students and industry practitioners to implement MCDA methods in an informed manner To develop an integrated view of MCDA incorporating both integration of different schools of thought within MCDA and integration of MCDA with broader management theory science and practice thereby informing the development of theory and practice across these areas It is felt that this two fold emphasis gives a book which will be of value to the following three groups Practicing decision analysts or graduate students in MCDA for whom this book should serve as a state of the art review especially as regards techniques outside of their own specialization Operational researchers or graduate students in OR MS who wish to extend their knowledge into the tools of MCDA Managers or management students who need to understand what MCDA can offer them
