*Digital Femininities* Frankie Rogan,2022-07-01 *Digital Femininities* The Gendered Construction of Cultural and Political Identities Online examines the role of new media technologies in the production of girls cultural and political identities The book argues that the varied and complex spaces which make up our social media should be conceptualised as important terrains upon which neoliberal and postfeminist subjectivities can be both reproduced and subverted In doing so the book explores many key issues underpinning current debates around gender politics and digital media including gendered spatial politics visibility surveillance and regulation beauty politics and civic and political engagement and activism Over the last decade the position of girls and young women within the digital landscape of social media has been a topic of much debate On the one hand girls social media practices are presented as a key site of concern wherein new digital technologies are said to have produced an intensification of individualised neoliberal and postfeminist identities Conversely others have championed access to social media for young people as a potentially useful political tool enabling previously marginalised political subjects such as girls to access and participate within new and exciting political cultures Locating itself at the intersection of these two approaches this book offers a fresh contribution to these debates Based upon the findings from focus groups with girls and young women aged between 12 and 18 in England the book offers an in depth analysis of the digital cultures that emerged from the study This timely book will be essential reading for anyone interested in contemporary femininity and feminism and the role of digital media in the production of cultural political and gendered identities

*Routledge Handbook of Behavioral Economics* Roger Frantz,Shu-Heng Chen,Kurt Dopfer,Floris Heukelom,Shabnam Mousavi,2016-08-05 There is no doubt that behavioral economics is becoming a dominant lens through which we think about economics Behavioral economics is not a single school of thought but representative of a range of approaches and uniquely this volume presents an overview of them The wide spectrum of international contributors each provides an exploration of a central approach aspect or topic in behavioral economics Taken together the whole volume provides a comprehensive overview of the subject which considers both key developments and future possibilities Part One presents several different approaches to behavioural economics including George Katona Ken Boulding Harvey Leibenstein Vernon Smith Herbert Simon Gerd Gigerenzer Daniel Kahneman and Richard Thaler This section looks at the origins and

development of behavioral economics and compares and contrasts the work of these scholars who have been so influential in making this area so prominent Part Two presents applications of behavioural economics including nudging heuristics emotions and morality behavioural political economy education and economic innovation The Routledge Handbook of Behavioral Economics is ideal for advanced economics students and faculty who are looking for a complete state of the art overview of this dynamic field

Plagiarism in Higher Education Sarah Elaine Eaton, 2021-03-23 With considerations for students faculty members librarians and researchers this book will explain and help to mitigate plagiarism in higher education contexts Plagiarism is a complex issue that affects many stakeholders in higher education but it isn't always well understood This text provides an in depth evidence based understanding of plagiarism with the goal of engaging campus communities in informed conversations about proactive approaches to plagiarism Offering practical suggestions for addressing plagiarism campus wide this book tackles such messy topics as self plagiarism plagiarism among international students essay mills and contract cheating It also answers such tough questions as Why do students plagiarize and why don't faculty always report it Why are plagiarism cases so hard to manage What if researchers themselves plagiarize How can we design better learning assessments to prevent plagiarism When should we choose human detection versus text matching software This nonjudgmental book focuses on academic integrity from a teaching and learning perspective offering comprehensive insights into various aspects of plagiarism with a particular lens on higher education to benefit the entire campus community

Authoring Autism M. Remi Yergeau, 2018-01-05 In *Authoring Autism* M Remi Yergeau defines neurodivergence as an identity neuroqueerness rather than an impairment Using a queer theory framework Yergeau notes the stereotypes that deny autistic people their humanity and the chance to define themselves while also challenging cognitive studies scholarship and its reification of the neurological passivity of autistics They also critique early intensive behavioral interventions which have much in common with gay conversion therapy and questions the ableist privileging of intentionality and diplomacy in rhetorical traditions Using storying as their method they present an alternative view of autistic rhetoricity by foregrounding the cunning rhetorical abilities of autistics and by framing autism as a narrative condition wherein autistics are the best equipped people to define their experience Contending that autism represents a queer way of being that simultaneously embraces and rejects the rhetorical Yergeau shows how autistic people queer the lines of rhetoric humanity and agency In so doing they demonstrate how an autistic rhetoric requires the reconceptualization of rhetoric's very essence
