Channel Integration Decisions of Small and Medium-sized Enterprises. A Literature Review Alexander Zuber, 2014-11-27  
Bachelor Thesis from the year 2013 in the subject Business economics Trade and Distribution grade 1.0 Vienna University of Economics and Business Institute for International Business language English abstract The opportunities for channel researchers to contribute to knowledge creation in the marketing discipline and at the same time affect business practice are almost endless Frazier 1999 p 238 While the theoretical understanding of the internationalization and international marketing strategies of large firms has been in the focus of research since a long time attention has been given only recently to investigate the same questions for small and medium sized enterprises SMEs Exporters need to question their export channel structure every day in order to remain successful Should the product be distributed directly or indirectly Which way is more efficient effective and or profitable Should export channels be changed John Weitz 1988 Huan Hsu 2003 The decision on channel integration the extent to which the export channel is performed by the exporting firm without intermediaries is extremely important as it affects revenues investments and costs Shervani Frazier Challagalla 2007 As a research field export channel structure is vital for two groups First there are scholars trying to find evidence for applied theories and second managers attempting to reduce risks and improve export performance Wrong decisions in export channel choice may incur high costs and long lasting difficulties particularly for SMEs These firms if active in international exporting tend to rely on one or few export channels At the same time SMEs operate the majority of export channels worldwide and are more inclined to switch their export channels than multinational firms The first export channel research started in the 70s Since then considerable progress has been made Especially in the late 80s and early 90s researchers have focused on the structure of international distribution channels with increasing attention to SMEs Several theories Transaction Cost Economics TCE Internationalization Theory and Resource based View RBV have been developed and applied to assess and explain the reasons of different export channel integration strategies Within the research scope although TCE is not complete to explain the different strategies with regard to the degree of channel integration it has been by far the most popular theory applied to this question The results of the relevant empirical studies point out that channel structure control knowledge and experience are the most important factors

*Strategic International Management* Dirk Morschett, Hanna Schramm-Klein, Joachim Zentes, 2011-02-04 Strategic International Management takes a global perspective and covers the major aspects of international business strategies the coordination of international companies and the particularities of international value chain activities and management functions The book provides a thorough understanding of how Production Sourcing Research Development Marketing Human Resource Management and Controlling have to be designed in an international company and what models are available to understand those activities in an international context The book offers 20 lessons that provide a comprehensive overview of all key issues Each lesson is accompanied by a case study from an international company to facilitate the understanding of all important factors involved in strategic international management In this

second edition all chapters have been updated all case studies revised and recent data were integrated The concept though remained unchanged *International Business* S.
