Reflecting upon what at times appeared to be the hundred yard dash of life I realize I have stood on the shoulders of great visionaries Many of them were aware of the promise of my potential and the pitfalls that lay before me They had a sincere appreciation of my desire to persevere and my passion for medicine These courageous individuals were transformational leaders by nature They bestowed upon me wisdom and encouragement and shared the precious gift of time which helped generate a surge when my quest toward the finish line occasionally faltered      Human Anatomy and Physiology Alexander P.
