

## CHAPTER 12, APPENDIX C

### RECOMMENDED STANDARDS FOR E&SPC PLANS

#### 12C.0 GENERAL

The Erosion and Sediment Pollution Control (E&SPC) Plans include both a set of drawings for construction and a technical narrative. The Department typically titles the drawings for construction the Erosion and Sediment Pollution Control Plans as discussed in 12C.1. The required E&SPC technical narrative is discussed further in 12C.2. The following guidance is a combination of PA DEP's recommendations for developing an E&SPC Plan, and PennDOT's standards and preferences. It is important to note, however, that preferences may vary between County Conservation Districts, and even PA DEP regional offices. Therefore, it is important to coordinate with the agency that will be reviewing the E&SPC Plan.

Standards in Publication 14M, Design Manual, Part 3, *Plans Presentation*, related to borders, title blocks, and general plan presentation must be applied. However, not all of the information pertinent to E&SPC Plans is described in Publication 14M, Design Manual, Part 3, *Plans Presentation*; complimentary information is described below.

All drawings included in the E&SPC Plan must be legible. Letters and numbers used on the plans must be readable. Symbols used should be readily distinguishable from each other, and clutter should be avoided. Drawings should be clearly labeled and dated. Revised drawings must have the date of each revision shown. Sufficient space should be provided on the top sheet for the approval stamp and signature of the reviewing agency. The location of this space should be such that the stamp and signature are visible when the drawing is folded.

At least one set of drawings submitted to any agency for review must be full size. To facilitate review, it is recommended that a composite work area plan (or roll map) be submitted in addition to the regular plans. The composite plan should show the entire project, or major portions thereof, with proposed contours, E&SPC BMPs, and staging or work area boundaries.

The name of the plan designer along with his/her contact information should be provided on the cover sheet, as well as in the narrative. Also provide the District's contact information on the cover sheet and in the narrative.

#### 12C.1 PLAN DRAWINGS

Plan drawings contain all of the information that the contractor needs to build the project. Information not needed by a contractor, such as supporting calculations or manufacturer's test data, should be placed in the E&SPC narrative. In general, the plan drawings should contain:

- Cover sheet
- Detail sheets
- Plan sheets

The engineer responsible for the plan must place a black ink rubber stamp seal and his/her signature on the cover sheet. Either a black ink rubber stamp seal or a facsimile seal must be placed on all subsequent sheets.

Separate plans must be included for offsite borrow or disposal areas, if known, which are part of the project. If offsite borrow and disposal areas are not known, a general note should be added to the plan stating that the contractor must develop and obtain approval of a separate erosion E&SPC Plan for each work area not detailed in the plan located outside of the limits of disturbance. These drawings must include all information required on the main drawings.

**A. Cover Sheet.** At a minimum, the cover sheet of the drawing set should contain the following information:

- Title

# Chapter 12 Appendix C Dotate

**Didier Musso**

**Chapter 12 Appendix C Dotate:**

When somebody should go to the books stores, search establishment by shop, shelf by shelf, it is in reality problematic. This is why we give the books compilations in this website. It will completely ease you to look guide **Chapter 12 Appendix C Dotate** as you such as.

By searching the title, publisher, or authors of guide you in fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you try to download and install the Chapter 12 Appendix C Dotate, it is entirely simple then, back currently we extend the join to buy and make bargains to download and install Chapter 12 Appendix C Dotate therefore simple!
