Chekhov To The Actor Epub:

The Michael Chekhov Handbook Lenard Petit, 2009-09-10 Petit's words go right to the heart of Chekhov's technique. Anyone looking for a key to understanding more about Michael Chekhov's technique will devour it. Jessica Cerullo, Michael Chekhov Association NYC. The Michael Chekhov technique is today seen as one of the most influential and inspiring methods of actor training in existence. In The Michael Chekhov Handbook Lenard Petit draws on twenty years of teaching experience to unlock and illuminate this often complex technique. Petit uses four sections to guide those studying working with or encountering Chekhov's approach for the first time: the aims of the technique, outlining the real aims of the actor, the principles acting with energy, imagination and creative power, the tools the actor's use of the body and sensation, the application bringing the technique into practice. The Michael Chekhov Handbook's explanations and exercises will provide readers with the essential tools they need to put the rewarding principles of this technique into use. Lenard Petit is the Artistic Director of The Michael Chekhov Acting Studio in New York City. He teaches Chekhov Technique in the MFA and BFA Acting programs at Rutgers University. He was a contributor and co-creator of the DVD Master Classes in The Michael Chekhov Technique published by Routledge.

Michael Chekhov's Acting Technique Sinéad Rushe, 2019-01-24. Intended for actors, directors, teachers and researchers, this book offers an exceptionally clear and thorough introduction to the renowned acting technique developed by Michael Chekhov. Sinéad Rushe's book provides a complete overview of the whole method and includes illuminating explanations of its principles, as well as a wide range of practical exercises that illustrate step by step how they can be applied to dramatic texts. Part One provides an outline of the ideas that underpin the work which help to prepare practitioners to become responsive and receptive and to awaken their imagination. Part Two charts a journey through the foundational psychophysical exercises that can both orient an actor's training routine and be applied directly to the development of a role. Part Three focuses on more specific and elaborate methods of scene work, characterisation and the art of transformation. Drawing on the full range of Chekhov's writing in English and French, this book also examines unpublished material from the Dartington Hall archives and features interviews with actors who have worked with the technique, including Simon Callow and Joanna Merlin. It illustrates Chekhov's approach by referring to Rushe's own productions of Nikolai Gogol's short story *Diary of a Madman* and Shakespeare's *Othello*, as well as characters and scenes in Sarah Kane's *Blasted* and the contemporary American television series *Breaking Bad*. Michael Chekhov's Acting Technique is an accessible, comprehensive and contemporary point of reference for those already trained in the method, as well as an initiation and toolkit for practitioners who are just beginning to discover it.
