Kitne Pakistan Kamleshwar

Jayita Sengupta

Kitne Pakistan Kamleshwar:

Barbed Wire Jayita Sengupta, 2020-11-29 The book is an anthology of creative and critical responses to the many partitions of India within and across borders By widening and reframing the question of partition in the subcontinent from one event in 1947 to a larger series of partitions the book presents a deeper perspective both on the concept of partition in understanding South Asia and understanding the implications from survivors victims and others The imagery of the barbed wire in the title is used precisely to confront the jaggedness of experiencing and surviving partition that still haunts the national literary religious and political matrices of India The volume is a compilation of short stories poems articles news reports and memoirs with each contributor bringing forth their perception of partition and its effects on their life and identity The many narratives amplify the human cost of partitions examining the complexities of a bruised nation at the social psychological and religious levels of consciousness The book will appeal to anyone interested in literary studies history politics sociology cultural studies and comparative literature REPRESENTATION OF INDIA IN SELECT NOVELS Dr. Himanshu Parmar, The book is an attempt to analyze the construction of India by five authors in their seminal works of literature The first of the five novels is A Passage to India by E M Forster published in 1924 Chronologically it is followed by Midnight s Children the Booker of Bookers for the year 1993 published in 1981 by Salman Rushdie The third one is The Great Indian Novel modeled on the Great Indian Epic The Mahabharata published in 1989 by Shashi Tharoor The fourth one belongs to the canon of Regional Literature and is composed by Kamleshwar The original title is Kitne Pakistan published in 2000 and the English translation Partitions came in 2006 The book makes use of the text in Hindi for reference and quoting There are two reasons for this first language is not merely a medium between the text and the reader but also something that carries a voice The use of Hindi by Kamleshwar has a bearing on the kind of discourse being generated as discussed later Secondly language acts in a cultural context and hence the impact that it carries is properly highlighted only in the original language in which the work has been composed A translated work is at times not able to convey the spirit behind the words The quotes from the text have been given in Roman script The last one taken is Kiran Desai s The Inheritance of Loss published in 2006 and the winner of the Man Booker Prize in the same year **Kitane Pākistāna** Kamaleśvara, 2014
