Reading Bridal Magazines from a Critical Discursive Perspective E. Glapka,2014-09-04 Bridal magazines have become increasingly popular in Western society proliferating the idea of a princess bride on her big day Yet little has been written on how the ever expanding wedding media and the popular wedding culture constructs gender and affects the ways women live and experience their weddings Offering a critique of contemporary wedding discourse this book marries together analyses of media texts and their reception to propose a new approach to media discourse The analysis richly illustrates how women are invited to embrace not only the stereotypical idea of bridal femininity but also a consumptive way of experiencing it Through examination of brides accounts of their big days the book observes the imprints of the popular gender imagery on their self portraits and self narratives and describes the women s diverse approaches to them Based on insights from gender and critical discourse studies sociology and audience research this exploration illuminates the ongoing debate on media and gender and its methodological approaches [Media Discourse](#) Mary Talbot,2007 A lively and accessible study of media and discourse [British Euroscepticism and the Eurozone Crisis 2008-2013](#) Mohamed Elabed,2018-12-10 This book provides a thorough examination of the phenomenon of Euroscepticism in the United Kingdom It begins by arguing that Euroscepticism has roots as far back as when the process of European integration first came into being and that it is not new in British politics As a suggestion of opposition to the process of European integration Euroscepticism dates back to the early days of founding a union in Western Europe This book shows that Eurosceptic Britain is a product of a variety of factors particularly related to history politics culture and geography The unique specificities of the British political system comprise another important reason for Eurosceptic attitudes in Britain The book also examines the relation between the Eurosceptic discourse in Britain and the structure of the European Union s institutions It argues that much of British Euroscepticism is about the way these institutions are operated Most importantly it highlights that the enduring Eurozone crisis has contributed to shaping recent varieties of scepticism towards the European Union as a whole before concluding that Euroscepticism could not relocate Britain outside its natural place within Europe *Language in Life, and a Life in Language: Jacob Mey, a*

Festschrift Ken Turner, 2012-11-02 This is a collection of invited papers that honours Professor Jacob Mey on the occasion of his eightieth birthday Professor Mey is and has for a long time been at once one of the most respected enterprising industrious scholarly and now avuncular members of the numerous linguistics communities in which he has worked He has made over a distinguished working life significant contributions to all of the sub disciplines of linguistics from phonetics through phonology morphology syntax semantics and especially pragmatics He has sought to make connections between these sub disciplines and broader areas of thought These connections have resulted in ground breaking advances in for example Japanese sociolinguistics pragmatics and artificial intelligence Marxist linguistics pragmatics and therapy pragmatics and machine processed information gender and language literary pragmatics and societal pragmatics The collection ends with an in depth discussion between Professor Mey and one of the editors in which Professor Mey speaks fully and frankly about his life in language and language in life *Linguistics and Language Behavior Abstracts*, 2000

American Book Publishing Record, 1996 *American Doctoral Dissertations*, 1992 **Dotter of Her Father's Eyes** Bryan Talbot, Mary Talbot, 2012-11-04 Part personal history part biography *Dotter of Her Father's Eyes* contrasts two coming of age narratives that of Lucia the daughter of James Joyce and that of author Mary Talbot daughter of the eminent Joycean scholar James S Atherton Social expectations and gender politics thwarted ambitions and personal tragedy are played out against two contrasting historical backgrounds poignantly evoked by the atmospheric visual storytelling of award winning comic artist and graphic novel pioneer Bryan Talbot Produced through an intense collaboration seldom seen between writers and artists *Dotter of Her Father's Eyes* is intelligent funny and sad a fine addition to the evolving genre of graphic memoir

Investigating Media Discourse ANNE O'KEEFFE, 2006-09-27 *Investigating Media Discourse* explores spoken interactions in the media drawing on contemporary sources from the English speaking world including chat shows radio phone ins and political interviews with leaders such as Tony Blair and George W Bush The main theoretical framework used in this work is influenced by Goffman where each media encounter is viewed as a three way participation framework involving the broadcaster interviewee and audience all of whom shape the interaction The spoken media interactions are analysed from this viewpoint to illustrate how they are managed how pseudo relationships are established and maintained and how others are created O Keefe brings together methodologies of discourse analysis conversation analysis and corpus linguistics allowing the media extracts to be explored from different perspectives whilst providing multiple insights *Investigating Media Discourse* will appeal to students and researchers of applied linguistics English language and media Anne O Keefe is Lecturer in Applied Linguistics at the Department of English Language and Literature Mary Immaculate College University of Limerick Ireland **Analysing Representations of Social Media in European News Media Discourse** Christine Develotte, Anthippi Potolia, Eija Suomela-Salmi, 2021-11-01 This book explores representations of social media in European media discourses across different socio historical contexts demonstrating how such analysis can illuminate the tension

between global and local in media discourses in today's globalised world. The volume draws on data from a trilingual corpus from different editions of the free daily Metro from Finland, France and Greece spanning a five-year period with a focus on Facebook and Twitter. Adopting a French discourse analysis approach which takes as its point of departure the notion of discourse as the social practice of representing the world, the book integrates qualitative and quantitative analyses to investigate the social and political role depictions of social media play in specific socio-historical contexts. This approach brings to the fore both commonalities and differences in the popularity of specific platforms and coverage of specific news topics and hot button issues. In so doing, the volume elucidates the ways in which global practices become integrated and immersed into local contexts, offering avenues for future research on social media in news discourses. This book will be of interest to scholars in applied linguistics, intercultural communication, discourse analysis, media studies and cultural studies.

The Discourse of Public Participation Media Joanna Thornborrow, 2015. The *Discourse of Public Participation Media* takes a fresh look at what ordinary people are doing on air, what they say and how and where they get to say it. Using techniques of discourse analysis to explore the construction of participant identities in a range of different public participation genres, Joanna Thornborrow argues that the role of the ordinary person in these media environments is frequently anything but trivial. Tracing the development of discourses of public participation media, the book focusses particularly on the 1990s onwards when broadcasting was expanding rapidly, the rise of the TV talk show, increasing formats for public participation in broadcast debate and discussion and the explosion of reality TV in the first decade of the 21st century. During this period, traditional broadcasting has also had to move with the times and incorporate mobile and web-based communication technologies as new platforms for public access and participation, text and email as well as the telephone and an audience that moves out of the studio and into the online spaces of chat rooms, comment forums and the Twitterverse. This original study examines the shifting discourses of public engagement and participation resulting from these new forms of communication, making it an ideal companion for students of communication, media and cultural studies.

Powerful Talk Joanna Thornborrow, Joanna Thornborrow Staff, 2002-01-01

Discourse In and Through the Media Marina Bondi, Silvia Cacchiani, 2016-01-14. This book is a result of the 2013 CLAVIER Conference held in Modena in November 2013 and includes a selection of the papers presented on that occasion. As the title suggests, this volume encourages cross-generic and cross-disciplinary investigations in order to advocate integrated approaches to the study of media discourse regarding both theoretical background and practical applications. Bringing together a wide range of case studies, the book fosters debate on a variety of aspects related to the representation of specialised discourse in and through the media, including for example voice and point of view, argumentative practices, knowledge construction, multimodality, the re-contextualization and re-conceptualization of knowledge, opinion formation and peer-to-peer communication and popularization in and through traditional, digital and social media. Taken together, the

contributions to this volume provide extensive exemplification of the type of research currently being conducted on these issues. The variety of the questions posed and the wide array of methods used here therefore represent a substantial contribution to sharpening existing knowledge and furthering the ongoing debate among scholars in the field. Approaches to Media Discourse Allan Bell, P. Garrett, 1998-03-06 This collection brings together in one volume current leading approaches to the study of media discourse. **Innovations and Challenges in Social Media Discourse Analysis** Michele Zappavigna, Andrew S. Ross, 2024-12-27 *Innovations and Challenges in Social Media Discourse Analysis* provides a key introduction to the analysis of everyday discourse on social media platforms. Outlining the challenges involved in the study of social media discourse that includes social interaction, relationality, intersubjectivity, and intermodality, this book takes a social semiotic approach to offer a useful reconceptualisation of existing tools and introduces new methodologies to help those studying in this area. Drawing on a range of corpora that feature tweets, Instagram photos, YouTube comments, and emoji, this book is essential reading for students studying modules on discourse analysis and language and media.
