Handbook of Statistical Methods and Analyses in Sports Jim Albert, Mark E. Glickman, Tim B. Swartz, Ruud H. Koning, 2017-02-03 This handbook will provide both overviews of statistical methods in sports and in depth treatment of critical problems and challenges confronting statistical research in sports The material in the handbook will be organized by major sport baseball football hockey basketball and soccer followed by a section on other sports and general statistical design and analysis issues that are common to all sports This handbook has the potential to become the standard reference for obtaining the necessary background to conduct serious statistical analyses for sports applications and to appreciate scholarly work in this expanding area

Copulae in Mathematical and Quantitative Finance Piotr Jaworski, Fabrizio Durante, Wolfgang Karl Härdle, 2013-06-18 Copulas are mathematical objects that fully capture the dependence structure among random variables and hence offer great flexibility in building multivariate stochastic models Since their introduction in the early 1950s copulas have gained considerable popularity in several fields of applied mathematics especially finance and insurance Today copulas represent a well recognized tool for market and credit models aggregation of risks and portfolio selection Historically the Gaussian copula model has been one of the most common models in credit risk However the recent financial crisis has underlined its limitations and drawbacks In fact despite their simplicity Gaussian copula models severely underestimate the risk of the occurrence of joint extreme events Recent theoretical investigations have put new tools for detecting and estimating dependence and risk like tail dependence time varying models etc in the spotlight All such

investigations need to be further developed and promoted a goal this book pursues The book includes surveys that provide an up to date account of essential aspects of copula models in quantitative finance as well as the extended versions of talks selected from papers presented at the workshop in Cracow
