Wit Meyer Strategy Synthesis:

Strategy Synthesis Bob de Wit, Ron Meyer, 2014 Now in its fourth edition *Strategy Synthesis* takes a truly global perspective Retaining the unique paradox approach of the previous editions whereby a series of contrasting viewpoints are provided to invite student and professional discussion and debate this new edition takes the approach one step further to acknowledge the developmental role which China and India have had in the business world and includes strategic thinking philosophies from these countries Unlike many other books on the subject the philosophy at the heart of Bob de Wit's *Strategy Synthesis* text is that an understanding of the topic of strategy can only be gained by grappling with a wider diversity of insights from many prominent thinkers and the clear recognition that there is no simple answer to the question of what strategy is This new edition bridges West and East North and South with examples short cases quotes and insights from around the globe

Strategy Synthesis Bob de Wit, 2005 This is a streamlined version of de Wit and Meyer's successful text *Strategy Process Content Context* It contains a range of articles with text contextualising the debates around key issues allowing a wide range of views to be explored within each debate

Strategy Synthesis Ron Meyer, Bob de Wit, 2010-08-04 De Wit Meyer's distinctive multi perspective approach has helped thousands of students and professionals around the world develop into critical and creative strategic thinkers By carefully guiding readers through a variety of perspectives De Wit Meyer show how more than ever effective strategy requires the ability to consider strategic issues in many different ways To encourage creative strategic thinking De Wit and Meyer contrast the most important approaches and outline the major issues and differences of opinion Managers are challenged to combine the strengths of these approaches into their own strategy synthesis

Strategy Bob de Wit, 2014-06-03 In this book the fundamental differences of opinion within strategic management are not ignored or smoothed over The authors carefully guide the students through the many often conflicting perspectives in the field of strategy in order to help them become true strategic thinkers
