Explanation-Based Neural Network Learning Sebastian Thrun,2012-12-06 Lifelong learning addresses situations in which a learner faces a series of different learning tasks providing the opportunity for synergy among them Explanation based neural network learning EBNN is a machine learning algorithm that transfers knowledge across multiple learning tasks When faced with a new learning task EBNN exploits domain knowledge accumulated in previous learning tasks to guide generalization in the new one As a result EBNN generalizes more accurately from less data than comparable methods Explanation Based Neural Network Learning A Lifelong Learning Approach describes the basic EBNN paradigm and investigates it in the context of supervised learning reinforcement learning robotics and chess The paradigm of lifelong learning using earlier learned knowledge to improve subsequent learning is a promising direction for a new generation of machine learning algorithms Given the need for more accurate learning methods it is difficult to imagine a future for machine learning that does not include this paradigm From the Foreword by Tom M Mitchell

Literacy as Translingual Practice A. Suresh Canagarajah,2013 The term translingual highlights the reality that people always shuttle across languages communicate in hybrid languages and thus enjoy multilingual competence In the context of migration transnational economic and cultural relations digital communication and globalism increasing contact is taking place between languages and communities In these contact zones new genres of writing and new textual conventions are emerging that go beyond traditional dichotomies that treat languages as separated from each other and texts and writers as determined by one language or the other Pushing forward a translingual orientation to writing one that is in tune with the new literacies and communicative practices flowing into writing classrooms and demanding new pedagogies and policies this volume is structured around five concerns refining the theoretical premises learning from community practices debating the role of code meshed products identifying new research directions and developing sound pedagogical applications These themes are explored by leading scholars from L1 and L2 composition rhetoric and applied linguistics education theory and classroom practice and diverse ethnic rhetorics Timely and much needed Literacy as Translingual Practice is essential
