Education for the 21st Century Jane O. Burns, Belverd E. Needles, 2014-06-28 Accounting practice whether in business or
government is more dynamic more complex and addresses a wider array of issues than it did as little as five years ago
Significant and rapid social political technological and economic changes are taking place in the world economy and it is
increasingly recognised that accountants in all countries play a key role in the process of economic development Accounting
education is undergoing a thorough review on a worldwide basis and major developments are taking place to produce quality
accounting education that can keep pace with dramatic world change This book provides an up to date view of the state of
accounting education throughout the world and focusses on the global challenges facing accounting education as we approach
the millenium
