Change Your Mind Practical To Buddhist Meditation:

Change Your Mind Paramananda, 2012-04-30 To take up meditation is to introduce a powerful force for change into our lives. If we change our mind, the world changes too. Whatever our religious belief, meditation can be the beginning of life's greatest adventure. Using the simple traditional practices introduced in *Change Your Mind*, you can learn how to exchange stress and anxiety for calm and clarity of mind and transform anger and fear into kindness and self-confidence. [Steps to Happiness](#)

Taranatha, 2012-05-31 A doctor outwardly successful and compassionate, Taranatha feels sucked dry and struggling with the twin demons of depression and alcoholism. His search for a way out involves him in a suicide attempt before his will to live reasserts itself. His path to recovery takes him through AA and anti-depressants but leaves him with a sense of worthlessness and lack of direction. Fumbling in the dark, a chance encounter with Buddhism illuminates the way and guides his steps on a journey on which he meets himself and starts to find happiness. **Heart**

Amber Hatch, 2017-02-14 Many of us find the challenges of family life, especially the early years, daunting and overwhelming. The task of raising children is not easy; the stakes are high, so how can mindfulness help us parent better? What is it? How do you do it? And does it help? This book will teach you how to become a better, more patient parent using mindfulness. It will help you to stay calm in a crisis, feel more connected to your children, be patient, throw yourself into an activity, not say something you may regret, keep a sense of perspective. Written in a friendly and accessible style, Amber Hatch, author of *Nappy Free Baby* and *Colouring for Contemplation*, includes tons of practical information alongside anecdotes, tips, and insights that will help any parent, whether they are new to mindfulness or well-practiced, to achieve a calmer, more relaxed family life. Topics covered include dealing with the early weeks, including mindfully allowing your baby to cry, joining your child in play, and preventing mealtime and bedtime stress, screen time, encouraging outdoor play, and saying no, developing positive qualities, and managing difficult behaviour and introducing mindfulness to children. *Unstuck*
