Desselle, David P. Zgarrick, Greg Alston, 2016-06-05 1 Pharmacy Management Text As pharmacy practice moves from a product orientation to a patient orientation there are unique challenges that arise in managing the value added services that pharmacists are developing to meet patient needs in medication therapy management A section of this book is dedicated to the planning implementation and reimbursement of these new patient care services offered by pharmacists Several chapters are dedicated to describing the risks inherent in pharmacy practice and the impact that laws regulations and medication errors have on pharmacy management The final section describes how management functions are applied in specific pharmacy practice settings independent chain health systems managed environments safety net operations and settings in unique health systems HOW EACH CHAPTER IS ORGANIZED Each chapter is divided into several sections to facilitate the reader's understanding and application of the material Chapters begin with a list of learning objectives that outline the major topics to be addressed A brief scenario is used to describe how a pharmacy student or pharmacist may need or apply the information described in this chapter in their daily lives or practice Questions at the start of each chapter provide direction and assist the reader in understanding what they can expect to learn The text of each chapter provides comprehensive coverage

of the content and theory underlying the major concepts. References to the management and pharmacy literature are commonly used to provide readers with links to additional background information. Explanations and applications are also used to help readers better understand the need to master and apply each concept. Questions at the end of each chapter encourage readers to think about what they have just learned and apply these concepts in new ways.

WHAT STUDENTS WILL GAIN FROM THIS BOOK

If you are a pharmacy student, this book will help you gain an appreciation for the roles of management in pharmacy practice, regardless of your future position or practice setting. This book will also provide you with a variety of management theories and tools that you can apply in your daily life. For educators, this book has been designed as a comprehensive pharmacy management textbook. As a whole, it is meant to be used in survey courses that cover many areas of pharmacy management. The section format also allows the book to be used in courses that focus on specific pharmacy management functions or topics. The sections and content of each chapter are meant not only to provide valuable information that is easy for students to understand but also to stimulate further discussion and motivate students to learn more on their own.

The Christian Science Journal, 2004 Pharmacy Management Shane P. Desselle, David P. Zgarrick, 2008-09-14

New Chapter on Leadership: While management and leadership are distinct concepts, they are often taught together in pharmacy management courses. Completely new version of chapter on Accounting: Financial Statements and Financial Analysis, shorter and better focused on what pharmacists are interested in. New Chapter on Medicare Part D: Needed because of the huge impact it has had on pharmacy, particularly community pharmacy. Evidence-based Management: theory and models directly applied to pharmacy practice with appropriate cases and examples. Chapter opening: learning objectives and case study. Chapter closing: Q & A.

The Leader's Greatest Return Workbook John C. Maxwell, 2020-01-28

What is the greatest return on a leader's time? After leaders have invested in their own leadership growth, what is the best way to accomplish their vision and grow their organizations and teams? Develop leaders. The more leaders an organization has, and the better equipped they are to lead, the more successful the organization and all of its leaders. In this new workbook, based on the title of the same name, number one New York Times bestselling author John C. Maxwell takes the process of developing leaders to the next level by relating some of the key principles he has learned over the last quarter century as his organizations have developed millions of business, government, and non-profit leaders from every country around the world. He instructs leaders how to:

- Recognize potential leaders
- Attract leaders by creating a leadership table
- Work themselves out of a job by equipping and empowering leaders
- Position leaders to build a winning team
- Coach leaders to higher levels and make them leadership developers themselves

This is where leaders really experience the compounding value of developing leaders and go to the

highest levels of leadership themselves The Leader s Greatest Return Workbook walks you through the process and helps you create a roadmap for success Anyone who wants to take the next step in their leadership build their organization or team today and create their legacy for tomorrow needs to read The Leader s Greatest Return Also available as a trade book
