46th Annual Conference November 14 16 2012:

The Empirical Validation of House Energy Rating (HER) Software for Lightweight Housing in Cool Temperate

Climates Mark Andrew Dewsbury, 2015-02-02 This book reports on the first empirical validation of AccuRate Australia's national benchmark software tool for house energy ratings The validation was conducted by the University of Tasmania in collaboration with Forest and Wood Products Australia the Australian Government the CSIRO and industry partners The study presented here describes the results of graphical and statistical analysis of variations observed between the measured and simulated data from three different test buildings in Launceston Tasmania It shows that while the AccuRate software is well suited to modeling energy flows there are discrepancies between the simulated and measured temperatures of the test buildings Moreover it highlights possible connections between the discrepancies in all zones and the outside air temperature wind speed global and diffuse solar radiation and possibly the ground model Beyond its contribution to further investigations into the ongoing improvement and calibration of the Australian NatHERS supported AccuRate software this book also meticulously describes the methodology used in conducting the research which is expected to pave the way for further studies of this type

One America? Nathan Angelo, 2019-05-02 Despite major advancements in civil rights in the United States since the 1960s racial inequality continues to persist in American society While it may appear that presidents do not address the topic of race it lurks in the background of presidential political speech across a range of issues including welfare crime and American identity Using a thorough approach that places textual analysis in a historical context One America asks what presidents say about race how often they say it and to whom they say it Nathan Angelo demonstrates how presidents attempt to use rhetoric to compose a message that will resonate with the many groups that comprise the modern party system but ultimately those alliances cause presidents to direct most of their speeches about race to an archetypical white Middle American swing voter thereby restricting the issues and solutions that they discuss While the American demographic profile is changing rhetoric that links American identity with racially coded concepts and appeals to white voters racial resentments has become ubiquitous Angelo warns us about the possible repercussions of such tactics noting that while they may allow presidents to craft winning coalitions their use continues to legitimate a system that ignores racial inequality

Obama Power Jeffrey C. Alexander, Bernadette N. Jaworsky, 2014-08-12 What is the source of Obama's power How is it that after suffering a humiliating defeat in the 2010 mid term elections Obama was able to turn the situation around deftly outmaneuvering his opponent and achieving a decisive victory in the November 2012 presidential election In this short and brilliant book Jeffrey Alexander and Bernadette Jaworsky argue that neither money nor demography can explain this dramatic turnaround What made it possible they show was cultural reconstruction Realizing he had failed to provide a compelling narrative of his power the President began forging a new salvation story It portrayed the Republican austerity budget as a sop to the wealthy and Obama as a courageous hero fighting for plain folks against the rich The reinvigorated cultural performance pushed the Tea Party off the political stage in 2011 and Mitt Romney became fodder for the script in 2012 Democrats painted their Republican opponent as a backward looking elitist a Bain capitalist whose election would threaten the civil solidarity upon which democracy depends Real world events can spoil even the most effective script Obama faced monthly unemployment numbers the daunting Bin Laden raid three live debates and Hurricane Sandy The clumsiness of his opponent and his own good fortune helped the President but it was the poise and felicity of his improvisations that allowed him to succeed a second time Converting events into plot points the President demonstrated the flair for the dramatic that has made him one of the most effective politicians of modern times While persuasively explaining Obama's success this book also demonstrates a fundamental but rarely appreciated truth about political power in modern democratic societies namely that winning power and holding on to it have as much to do with the ability to use symbols effectively and tell good stories as anything else

Tough Love Susan Rice, 2019-10-08 Recalling pivotal moments from her dynamic career on the front lines of American diplomacy and foreign policy Susan E Rice National Security Advisor to President Barack Obama and US Ambassador to the United Nations reveals her surprising story with unflinching candor in this New York Times bestseller Mother wife scholar diplomat and fierce champion of American interests and values Susan Rice powerfully connects the personal and the professional Taught early with tough love how to compete and excel as an African American woman in settings where people of color are few Susan now shares the wisdom she learned along the way Laying bare the family struggles that shaped her early life in Washington DC she also examines the ancestral legacies that influenced her Rice's elders immigrants on one side and descendants of slaves on the other had high expectations that each generation

would rise And rise they did but not without paying it forward in uniform and in the pulpit as educators community leaders and public servants Susan too rose rapidly She served throughout the Clinton administration becoming one of the nation s youngest assistant secretaries of state and later one of President Obama s most trusted advisors Rice provides an insider s account of some of the most complex issues confronting the United States over three decades ranging from Black Hawk Down in Somalia to the genocide in Rwanda and the East Africa embassy bombings in the late 1990s and from conflicts in Libya and Syria to the Ebola epidemic a secret channel to Iran and the opening to Cuba during the Obama years With unmatched insight and characteristic bluntness she reveals previously untold stories behind recent national security challenges including confrontations with Russia and China the war against ISIS the struggle to contain the fallout from Edward Snowden s NSA leaks the U S response to Russian interference in the 2016 election and the surreal transition to the Trump administration Although you might think you know Susan Rice whose name became synonymous with Benghazi following her Sunday news show appearances after the deadly 2012 terrorist attacks in Libya now through these pages you truly will know her for the first time Often mischaracterized by both political opponents and champions Rice emerges as neither a villain nor a victim but a strong resilient compassionate leader Intimate sometimes humorous but always candid Tough Love makes an urgent appeal to the American public to bridge our dangerous domestic divides in order to preserve our democracy and sustain our global leadership

Spaces of Tolerance Igea Troiani,Suzanne Ewing,2021-03-28 Spaces of Tolerance addresses the topic of tolerance in architectural production Through examining the boundaries of where discourses practices and designs are considered publishable suitable to be made public or not the book exposes criteria and cultures which censor architecture so as to offer ways that architecture can be more inclusive and diverse for society at large The contributors to the book discuss disciplinary tolerances and constraints related to architecture and its interdisciplinary exchanges and modes of working physical spatial temporal and digital tolerance in material assemblages and production between drawing and building and social cultural and political tolerance and threats contingent on geography and history This timely book aims to look at extremities margins and marginality to explore acceptable levels and their fluctuations in deviation and divergence Chapters in the book involve ungendering unacculturating in disciplinary terms and diversifying the architectural practitioner writer editor reviewer and reader and retooling the instruments and tactics of architectural practice and theory They argue that tolerance in interdisciplinary research in architecture can cultivate more diverse and productive conversations The chapters in this book were originally published as a special issue of the journal Architecture and Culture
