## PREFACE

Over the years, many people have written books about the game. Some have provided general information about the game, while others have focused on specific aspects of the game. This book is a comprehensive guide to the game, covering everything a player needs to know to create heroic characters for the world's greatest roleplaying game.

It is written for the player, not the referee. The referee is the one who runs the game, and the player is the one who creates the characters and plays the game. This book is a guide to the game, not a manual for the referee.
