

AFTER HITLER

Recivilizing Germans, 1945-1995

Konrad H. Jarausch

After Hitler Recivilizing Germans 1945 1995

RJ Alexander

After Hitler Recivilizing Germans 1945 1995:

After Hitler Konrad Hugo Jarausch, 2008 After Hitler seeks to explain the breathtaking transformation of the Germans from the defeated National Socialist accomplices and Holocaust perpetrators of 1945 to the civilized democratic and prosperous people of today living in a reunited country that plays a leading role in the integration of Europe

[A History of Germany 1918 - 2020](#) Mary Fulbrook, 2021-04-26 The new edition of the acclaimed textbook on modern German history written by a leading scholar in the field Now in its fifth edition A History of Germany 1918 2020 provides a clear and well balanced survey of German history from the creation of the Weimar Republic to the era of Angela Merkel s Chancellorship Guiding readers through the complex patterns of the nation s historical development using clear and compelling narrative this classic textbook introduces readers to the key themes of modern German history while tracing the social cultural and political tensions that have challenged German stability and unity across more than a century Fully updated for the next generation of readers A History of Germany 1918 2020 extends its framework for exploring legacies of the past into the 21st century The fifth edition includes enhanced coverage of the extremes of nationalism military aggression and genocide under Nazism as well as an expanded analysis of the Berlin Republic and the changing character of Germany in the Europe of 2020 Presenting readers with a panoramic overview of the past 100 years of German history this compelling textbook Provides a concise yet thorough account of the turbulent history of Germany from the end of the First World War to the present Examines the character and consequences of World War II and the Holocaust Explores the development of a capitalist democracy in West Germany and a communist dictatorship in East Germany during the Cold War Covers East and West German history in equal depth from the perspectives of instability division and reunification Analyses the fall of Communism and the unification of an enlarged Federal Republic in 1989 90 Traces unified Germany s development as a globally respected state playing a pivotal role in Europe today A History of Germany 1918 2020 The Divided Nation Fifth Edition remains the ideal text for undergraduate students in courses on modern German or European history as well as for general readers with interest in the subject

A History of Germany 1918 - 2014 Mary Fulbrook, 2014-10-13 The fourth edition of A History of Germany 1918 2014 A Divided Nation introduces students to the key themes of 20th century German history tracing the dramatic social cultural and political tensions in Germany since 1918 Now thoroughly updated the text includes new coverage of the Euro crisis and a review of Angela Merkel s Chancellorship New edition of a well known classic survey by a leading scholar in the field thoroughly updated for a new generation of readers Provides an overview of the turbulent history of Germany from the end of the First World War through the Third Reich and beyond examining the character and consequences of war and genocide Treats German history from 1918 to 2014 from the perspectives of instability division and reunification covering East and West German history in equal depth Offers important reflections on Angela Merkel s Chancellorship as it extends into a new term Concise substantive coverage of this period make it an ideal resource for

undergraduate students

The Burden of German History Konrad H. Jarausch, 2023-04-14 As one of the leading historians of Modern Europe and an internationally acclaimed scholar for the past five decades Konrad H Jarausch presents a sustained academic reflection on the post war German effort to cope with the guilt of the Holocaust amongst a generation of scholars too young to have been perpetrators Ranging from his war time childhood to Americanization as a foreign student from his development as a professional historian to his directorship of the Zentrum für Zeithistorische Forschung and concluding with his mentorship of dozens of PhDs *The Burden of German History* reflects on the emergence of a self critical historiography of a twentieth century Germany that was wrestling with the responsibility for war and genocide This partly professional and partly personal autobiography explores a wide range of topics including the development of German historiography and its methodological debates the interdisciplinary teaching efforts in German studies and the role of scholarly organizations and institutions

Different Germans, Many Germanies Konrad H. Jarausch, Harald Wenzel, Karin Goihl, 2016-12-01 As much as any other nation Germany has long been understood in terms of totalizing narratives For Anglo American observers in particular the legacies of two world wars still powerfully define twentieth century German history whether through the lens of Nazi era militarism and racial hatred or the nation's emergence as a model postwar industrial democracy This volume transcends such common categories bringing together transatlantic studies that are unburdened by the ideological and methodological constraints of previous generations of scholarship From American perceptions of the Kaiserreich to the challenges posed by a multicultural Europe it argues for and exemplifies an approach to German Studies that is nuanced self reflective and holistic

After the Nazis Michael H. Kater, 2023-09-26 A wide ranging insightful history of culture in West Germany from literature film and music to theater and the visual arts After World War II a mood of despair and impotence pervaded the arts in West Germany The culture and institutions of the Third Reich were abruptly dismissed yet there was no immediate return to the Weimar period's progressive ideals In this moment of cultural stasis how could West Germany's artists free themselves from their experiences of Nazism Moving from 1945 to reunification Michael H Kater explores West German culture as it emerged from the darkness of the Third Reich Examining periods of denial and complacency as well as attempts to reckon with the past he shows how all postwar culture was touched by the vestiges of National Socialism From the literature of Günter Grass to the happenings of Joseph Beuys and Karlheinz Stockhausen's innovations in electronic music Kater shows how it was only through the reinvigoration of the cultural scene that West Germany could contend with its past and eventually allow democracy to reemerge

After the Nazi Racial State Rita Chin, Heide Fehrenbach, Geoff Eley, Atina Grossmann, 2010-02-22 An investigation of the concept of race in post Nazi Germany

Germany Andrew I. Port, 2025-11-07 Few countries are more haunted by the darker aspects of their history than Germany Nazi crimes continue to cast a long shadow at home and abroad Germans have nevertheless managed to put their violent genocidal past behind them creating a peaceful and prosperous democracy at the heart of Europe In this refreshing book

Andrew I Port tells the story of that extraordinary transformation Tracing the histories of the Eastern and Western halves of postwar Germany in tandem he highlights their obvious differences and unexpected commonalities This novel approach explains not only the country s many accomplishments since the fall of the Berlin Wall but also the challenges it has faced from the difficulty of unifying two distinct societies to violent forms of xenophobia and the rise of extremist parties Whether the Federal Republic remains a stable and successful power is the new German Question of the twenty first century **Civil Society and Dictatorship in Modern German History** Jürgen Kocka,2010-07-13 Brandeis University Press Historical Society of Israel A History of Western Society, Volume II: From the age of Exploration to the Present John P. McKay,Bennett D. Hill,John Buckler,Clare Haru Crowston,Merry E. Wiesner-Hanks,Joe Perry,2011-01-31 Now from Bedford St Martin s A History of Western Society is one of the most successful textbooks available because it captures students interest in the everyday life of the past and ties social history to the broad sweep of politics and culture The tenth edition has been thoroughly revised to strengthen the text s readability heighten its attention to daily life and incorporate the insights of new scholarship including an enhanced treatment of European exploration and a thoroughly revised post 1945 section With a dynamic new design new special features and a completely revised and robust companion reader this major revision makes the past memorable and accessible for a new generation of students and instructors *German National Identity in the Twenty-First Century* Ruth Wittlinger,2010-10 This book shows that German national identity has undergone considerable changes since unification in 1990 Due to the external pressures of the post cold war world but also due to domestic developments such as recent dynamics of collective memory Germany has re emerged as a confident nation which is less hesitant to assert its national interest **A History of Germany 1918-2008** Mary Fulbrook,2009 The third edition of A History of Germany traces the dramatic social cultural and political tensions in Germany since 1918 Offers a persuasive interpretation of the dynamics of twentieth century German history Treats German history from 1918 2008 from the perspective of division and reunification covering East and West German history in equal depth Covers the self destructive Weimar Republic the extremes of genocide and military aggression in the Nazi era the division of the nation in the Cold War and the collapse of communist East Germany and unification in 1990 New edition includes updates throughout especially covering the Nazi period and the Holocaust a new chapter on Germany since the 1990s and a substantially revised and updated bibliography **German Politics and Society** ,2008 *"And the Cock Crowed Again"* Friedrich-Martin Balzer,2008 *Art and Revolution in West Germany the Cultural Origins of 1968* Mia Ching Lee,2007 *Contesting the "other Germany"* Andreas Agocs,2009 **Surviving Hitler's War** Hester Vaizey,2010-09-22 This vivid recreation of family life as experienced in Nazi Germany during and after the Second World War tells the stories of mothers and fathers sons and daughters parents and children in their own words From desperate last letters sent to their loved ones by doomed soldiers at Stalingrad to diaries kept by women trying to keep their families alive as the cities they lived in were devastated by constant

bombing raids this book presents a new and often unfamiliar account of family life under the most extreme conditions Far from disintegrating under the strain as many historians have argued this book shows that the German family maintained and even strengthened the emotional bonds that tied its members together Entering the war shaped moulded and directed by the massive pressures brought to bear on it by Nazism s attempt to recast German society in its own image the German family resisted these pressures and emerged at the end of the war in a new and stronger form surviving the manifold problems of reunion and readjustment to the postwar post Nazi world with a surprising degree of resilience

Berlin Since the Wall's End John Alexander Williams,2008 In the nearly nineteen years since the destruction of the Wall that divided East from West Berlin Germans have struggled with the challenges of reunification The task has been daunting unifying two countries with a common language but mutually hostile political and economic systems Contrary to the optimistic predictions of 1989 1990 reunification has aggravated many of Germany TM s problems within the larger context of globalization Berlin divided epicenter of the Cold War Germany TM s largest city and the capital since 1999 has been forced to confront the challenges of reunification with particular urgency This book presents the work of six scholars who met at Bradley University TM s annual Berlin seminar in June 2006 to discuss the recent past and the future prospects of the German metropolis Two broad concerns society and historical memory emerged during the seminar and are reflected in these scholars TM writings The first section of the book assesses how Berliners have reunified the city through urban planning and social economic and cultural policies These chapters also speak to pressing contemporary issues of immigration citizenship and cultural diversity The essays in the book TM s second part trace how historical memory has been shaped and politically contested in German culture both in the divided nation and since 1989 Berlin Since the Wall TM s End casts light on a metropolis that has been scarred but not destroyed by the upheavals of recent history

Europe Since 1914 John M. Merriman,J. M. Winter,2006 Presents alphabetized articles on approximately eight hundred topics related to the history of Europe from the Bolshevik Revolution to the European Union covering political social cultural military scientific and economic aspects and includes maps a chronology and illustrations

Behind the Iron Curtain Bryan W. Machin,2010
