## **Air Pistol Target Shooting:**

*Air Pistol Shooting* John Bezzant,2014-01-31 This invaluable well illustrated book presents a carefully crafted step by step programme which teaches the complete novice air pistol shooter how to attain a high level of marksmanship The training begins with a detailed consideration of safety procedures basic pistol craft range construction and the types of air pistol that are available spring powered pneumatic and CO2 and how they work The author then moves on to consider holsters targets and the advanced skills associated with trigger control the hold presentation the stance the fast draw and rapid fire shooting Finally detailed attention is paid to marksmanship exercises but the author emphasizes that these should only be undertaken after all of the techniques set out in the previous chapters have been mastered [Air Pistol Target Shooting](#) Dr. B. *Gun Control in Context* Suzanna Fay,2024-05-09 This book approaches the gun control debate by asking what it takes to achieve acceptance of and compliance with gun control regulations in a community thought to be opposed and resistant It does this by centring this question on the experience of gun dealers who occupy a dual role in the compliance process subject to its regulations yet central to the application of all regulatory processes The findings are surprising in that they demonstrate more support for gun control than opposition among this group more willingness to cooperate with authorities than resistance and more possibility for setting the tone for support with the wider gun owning community This book considers how policy makers in the USA can capitalise on these overtones of collaboration and concern for public safety and learn from the successes and mistakes of the Australian gun control experience *Gun Control in Context* is essential reading for all those engaged across the broad spectrum of the gun control debate and offers a grounded and reasoned approach to the challenges of public policy It will be of interest to criminologists legal scholars and political scientists alike **The**
