Revue hispanique, 1905 **The Pleasant Nights** Giovanni Francesco Straparola, 2012-01-01 Renowned today for his contribution to the rise of the modern European fairy tale Giovan Francesco Straparola c 1480 c 1557 is particularly known for his dazzling anthology *The Pleasant Nights* Originally published in Venice in 1550 and 1553 this collection features seventy three folk stories fables jests and pseudo histories including nine tales we might now designate for mature readers and seventeen proto fairy tales Nearly all of these stories including classics such as Puss in Boots made their first ever appearance in this collection together the tales comprise one of the most varied and engaging Renaissance miscellanies ever produced Its appeal sustained it through twenty six editions in the first sixty years This full critical edition of *The Pleasant Nights* presents these stories in English for the first time in over a century The text takes its inspiration from the celebrated Waters translation which is entirely revised here to render it both more faithful to the original and more sparkishly idiomatic than ever before The stories are accompanied by a rich sampling of illustrations including originals from nineteenth century English and French versions of the text As a comprehensive critical and historical edition these volumes contain far more information on the stories than can be found in any existing studies literary histories or Italian editions of the work Donald Beecher provides a lengthy introduction discussing Straparola as an author the nature of fairy tales and their passage through oral culture and how this phenomenon provides a new reservoir of stories for literary adaptation Moreover the stories all feature extensive commentaries analysing not only their themes but also their fascinating provenances drawing on thousands of analogue tales going back to ancient Sanskrit Persian and Arabic stories Immensely entertaining and readable *The Pleasant Nights* will appeal to anyone interested in fairy tales ancient stories and folk creations Such readers will also enjoy Beecher's academically solid and erudite commentaries which unfold in a manner as light and amusing as the stories themselves

Thesaurus Linguae Latinae Epigraphicae George N. Olcott,1904 **Saint Patrick** David N. Dumville,D. N. Dumville,1999-04-29 Extremely scholarly and contains many important studies impossible to do justice to the depth of scholarship which is on display here BRITANNIA Anyone working on Britain and Ireland in the fifth century should pay close attention MEDIEVAL ARCHAEOLOGY A fascinating work which sheds light on a number of dark corners EARLY MEDIEVAL EUROPE St Patrick s place in Irish history is celebrated but is also the subject of intense controversy even as to his death Although the 1500th anniversary of that event was originally celebrated in 1961 there is every reason to think the death date of 461 unsustainable This collection of essays commemorates a different date 17 March 493 and takes stock of other difficult issues which require reassessment These include Patrick s own account of his career his impassioned *apologiapro uita sua* and the later Irish sources which may not reveal much about Patrick but possibly contain material about Palladius sent from Rome in AD 431 as first bishop for Irish Christians the invention of two Patricks seems to belong at the latest to the 8th century and may be a reflex of a 7th century conflation of the careers of Palladius and Patrick The continuing mediaeval development of the legend and cult of St Patrick and a wide variety of other associated historical and literary historical issues are also explored DAVID DUMVILLE is Professor of Palaeography and Cultural History University of Cambridge and Fellow of Girton College
