 entrepreneurs The story is often the same Aged sick bankrupt down on their luck American entrepreneurs rarely came from
 the fortunate strata of society but instead overcame obstacles with a matchless determination that is inspirational to all
 people whether in business or in other careers While individuals accounted for the critical breakthroughs in the American
 economy this book also pays attention to both government policy and economic thought of the day Long standing but quite
 erroneous myths are debunked including the notions that the Great Depression was caused by business failures or that the
 1980s were a decade of greed What emerges is a story of businesses and people of victory over impressive obstacles and of
 the resulting tide of prosperity that has made the American economy the envy of the world Back cover
