Children's Books in Print, 2007 ,2006 *The Adventures of Mz. Grundy Z. Leatherberry* Nancy Winniford, 2025-10-04 Mz Grundy's life of adventure began in the summer of 1875 when she was eighteen years old and her journey from Massachusetts to Chicago was chronicled in Book 1 of this series *The Adventures of Mz Grundy Z Leatherberry The Quest for Adventure* This book *The Adventure Continues* picks up where the first left off when Mz Grundy was stranded in Chicago with no place to stay Ya see Mz Grundy was on her way to the Dakota Territory to become a schoolteacher for the newly settled frontier on the prairie along the Missouri River in what is now South Dakota Along the way she was sure she would encounter adventure and fun and she was entirely correct Join Mz Grundy as she rolls across the plains behind a gigantic locomotive then sloshes up the Missouri River on a steamboat Experience her awe and admiration of the frontiersman who catches a fifty foot fish like none she'd ever before seen Blush with her as the first young gentleman in her life gives her attention Learn with her as she is befriended by a former slave Feel the adrenalin rush as Mz Grundy leaps and dances around a rattler attempting to bite her Laugh with and at her over her zany moments trying to show up a male horseman attempting to teach the pilot of the steamboat how to steer having her strong will challenged by an equally strong willed

soldier and more There are brief historical vignettes as well to explain those bygone times for modern readers who may not know about life in 1875 Don't miss this opportunity to venture into the past and see pioneer life from Mz Grundy's perspective It's sure to make you chuckle ponder and even be glad you are learning history as you enjoy the fictional story

The Color of Civics Matthew D. Nelsen, 2023 Generations of Americans dating back to the nation's founding have regarded schools as essential for developing the knowledge and civic values necessary for sustaining democracy Yet as Matthew D. Nelsen argues in *The Color of Civics* traditional approaches to civic education are not living up to their promise for many students particularly students of color from disadvantaged communities How do we prepare an increasingly diverse generation of Americans for full participation in public life Drawing on lessons from students and teachers in Chicago *The Color of Civics* reimagines the democratic purpose of civic education Nelsen's findings challenge some of the most widely cited civic education research arguing that the content of traditional civic education courses privileges the political experiences of white political actors and in turn contributes to divergent political behaviors and participatory outcomes across racial and ethnic groups He presents a new approach to civic education that aims to foster political empowerment by centering historically grounded conversations about current events as well as critical categories of knowledge those that

highlight the agency and grassroots political action of marginalized groups This approach increases rates of intended political participation among young people of color and heightens political empathy among white youth Nelsen also highlights the agency of teachers in processes of socialization exploring how their attitudes and lived experiences drive the implementation of more empowering civic learning environments By taking the histories and lived experiences of marginalized communities seriously The Color of Civics asserts that civics courses can become spaces where young people begin to recognize their own agency develop empathy and define the terms of their own political participation Including novel empirical research and an evidence based analysis Nelsen provides practical and useful advice for policymakers that cuts through the noise to focus on what works *Social Studies for Secondary Schools* Alan J.
