I also learned that as a young individual battling sexual urges, a support system is essential, and one would benefit from sharing their feelings. It also became apparent from the reading that sexuality may cause a rift in platonic friendships, especially if both friends have different sexual orientations. Finally, just like in the book, I realized that society still harbors prejudicial thoughts about LGBTQ individuals, which is a cause for them to remain closeted and silent. In conclusion, the book delivers a compelling picture of self-acceptance and
