Biblical Theology Of Leadership:

Servants of the Servant Don N. Howell Jr.,2003-11-14 Leadership is a subject that has gained impressive visibility in the past two decades The number of books monographs and articles as well as seminars devoted to the development of one s leadership skills has been almost exponential growth This study is an attempt to forge a full orb ed theology of Christian leadership grounded in the teaching of Scripture What emerges from tracing the theme of leadership through the biblical record is a servanthood pattern one that is wholly distinct from prevailing secular models Our exposition begins with the biblical language of the servant the term of choice for those great leaders used of God to further his saving purposes in the world Eleven Old Testament and five New Testament leaders are profiled The portrait of Jesus Christ focuses on three motifs that governed his training of the twelve for kingdom ministry The Pauline letters are mined for those convictions that governed Paul s practice of leadership both of his mission team and of the faith communities that emerged from that mission The treatment of each leader from Joseph to Paul begins with a series of preliminary questions and concludes with a mini profile that correlates the biblical data with these questions The final chapter offers a summary profile of the servant leader one whose character motives and agenda align with the divine purposes Though designed as a textbook for upper level college and seminary courses on leadership the book s readable format is ideal for churches and parachurch organizations in their leadership training programs The author s prayer is that this work will serve as a catalyst to call God s people back to Scripture and thereby raise up a whole new generation of authentic servant leaders Biblical Leadership Benjamin K. Forrest,Chet Roden,2017-11-28 Biblical Leadership takes the best of evangelical scholarship to make the leadership lessons of Scripture tangible for today s readers All contributors are biblical scholars who not only think seriously about the texts covered in their individual chapters but have committed their lives to teaching and living the truths therein This volume walks through the sections of the Bible gleaning insights from each biblical writer Every chapter analyzes the original setting of the writing extrapolates the leadership principles in the text and provides advice on applying that theology of leadership Presented in everyday language understandable to both professionals and practitioners these lessons will equip current and upcoming leaders to make a Christlike impact Biblical Leadership Benjamin Forrest,Chet Roden,2017 Biblical Leadershiptakes the best of evangelical scholarship to make the leadership lessons of Scripture tangible for today s readers All contributors are biblical scholars who not only think seriously about the texts covered in their individual chapters but have committed their lives to teaching and living the truths therein This volume walks through the sections of the Bible gleaning insights from each biblical writer Every chapter analyzes the original setting of the writing extrapolates the leadership principles in the text and provides advice on applying that theology of leadership Presented in everyday language understandable to both professionals and practitioners these lessons will equip current and upcoming leaders to make a Christlike impact **Developing a Theology of Leadership** ,2012 Servants and Fools Arthur Boers,2015-10-20

Leadership is a much discussed topic What does it actually mean for us as Christians Does Christian leadership have its own distinctive shape and character In *Servants and Fools A Biblical Theology of Leadership* Arthur Boers examines Jesus s pattern of leadership Boers shows how this pattern is rooted in service and sacrifice is cautious about power and hierarchies and prioritizes the vulnerable In other words it often reverses what we expect of leadership and is different from what we read in most leadership literature *Servants and Fools* is a unique resource for students and practitioners across denominations It offers a foundational perspective on leadership and guidance for practical application in the reader s daily life and ministry Arthur Boers has at last written the book we have sorely needed a book that is destined to become the main text in my seminary courses in church leadership a book that is sure to be enthusiastically received by thousands of contemporary Christian leaders Boers energetically underscores the joyful peculiarity of specifically Christian leadership His book is unique a biblically based Christologically grounded defense of leadership in the name of Christ Will Willimon Professor of the Practice of Christian Ministry Duke Divinity School United Methodist Bishop retired and author of *Pastor The Theology and Practice of Ordained Leadership* *Servants and Fools* is a brilliant and essential contribution to any serious study of leadership Robust faithful insightful biblical teaching A judicious knowledgeable harvest of the best contributions from leadership theorists and practitioners Plus humor in the trenches experiences and practical applications I cannot imagine ever teaching another class on leadership without assigning and discussing Arthur Boers s book David W Gill Mockler Phillips Professor of Workplace Theology Ethics Gordon Conwell Theological Seminary In *Servants and Fools A Biblical Theology of Leadership* Arthur Boers deconstructs the contemporary cult of leadership and serves up a refreshingly Biblical alternative It is a great cautionary tale for today s churches seminaries and Christian non profits At the same time it offers great insight for secular organizations and leaders as well John Suk author former editor of *The Banner* and pastor of Lawrence Park Community Church Toronto Canada One of Hearts Minds Bookstore s BEST BOOKS OF 2015 **Biblical Theology for Ethical Leadership** Aaron Perry,2018-03-21 This book argues that ethical leadership without a theological foundation is lacking a firm foundation It begins with a critical assessment of ethical leadership as a leadership theory showing how ethics and theology became separated creating the space for ethical leadership outside of theology Nevertheless the author argues that ethical leadership without a biblical basis is weak though one need not be religious to embrace the leadership principles of biblical theology Unfolding Christology anthropology eschatology and contextualized leadership as four key aspects of biblical theology for ethical leadership this book will appeal to those studying leadership business innovation and entrepreneurship **Spiritual Leadership** David Spencer Huffstutler,2016-12-14 How should we see the Spirit at work in spiritual leaders today How did the Spirit work through spiritual leaders in the Bible While many books on spiritual leadership look at the culture around us and offer sound advice from biblical principles this study asks Scripture first what the Spirit did through spiritual leaders in the Bible in order to figure out what the Spirit should be doing

through spiritual leaders today **Servants & Friends** Skip Bell,2014 **Shepherding God's Flock** Benjamin L. Merkle,Thomas R. Schreiner,2014 A biblical historical theological and practical foundation for pastoral leadership Pastors have been entrusted with leading the people of God The shepherds of God s flock must protect them from and guide them through the many dangers believers face Although ultimately the Church is led by Christ pastors are to provide godly examples of what it means to be a follower of the Lord Consequently who leads the church the type of authority they are given how they relate to one another to whom they are accountable and how they are selected are of utmost importance to the life and health of God s people This book provides the biblical historical theological and practical foundation of the crucial task of leading God s people Power to Lead Mike Ayers,2015-09-17 This book is a masterful description of the distinct difference biblical leadership makes Mike Ayers has addressed this issue in a scholarly yet very practical way We have needed these pages that focus so clearly on the Word of God and the biblical description of leadership James T Draper Jr President Emeritus LifeWay Christian Resources In Power to Lead Mike Ayers shares a wealth of practical wisdom but he goes first and foremost at the most important component of biblical leadership the heart This challenging and insightful work is a must read for anyone wanting to learn what leadership shaped by the heart of Jesus looks like Jared C Wilson Director of Content Strategy for Midwestern Seminary Managing Editor of For The Church ftc co and author of The Prodigal Church At a time when leadership books tend to only focus upon certain elements of this important topic Mike Ayers posits a comprehensive and well arranged treatment of biblical leadership He not only stays true to the biblical text but also offers several real life practical examples and applications Mike s experience as a scholar professor and pastor allows him to thoroughly analyze the subject of leadership as well as integrate his findings into a clear and cohesive presentation Mike offers a much needed and unique perspective I know this will be one book that I will have on my shelf Robert Buck Anderson Pastor of Leadership Development Grace Bible Church College Station TX Power to Lead offers an in depth discussion of leadership in both theory and practice providing a compelling model of Christian leadership that s rooted in a theological framework It is comprehensive and extraordinarily rich in biblical content Most importantly the book speaks to matters of inner character for those looking to lead through the power of Christ Power to Lead will serve as an indispensable leadership resource for Christian students pastors or anyone seeking to deeply understand leadership from the Bible **Pastoral Leadership Is...** Dave Earley,2012 Dozens of brief yet powerful entries for pastors about what it really means to be on mission spiritual warriors who lead the local church from a biblical point of view instead of a modern traditional one Being Leaders Aubrey Malphurs,2003-09-01 What makes a leader a Christian leader Too many churches and parachurch groups operate under secular leadership principles and strategies without considering what Scripture teaches In this accessible and comprehensive book leadership expert Aubrey Malphurs articulates a working definition of Christian leadership based on the Bible and his own extensive research Malphurs begins by defining a uniquely Christian leader from

the inside out from godly character and commitment to pure motives and a servant attitude He examines the leaders of the first century church and then discusses qualities such as credibility capability and influence that are essential for successful leadership Each chapter contains helpful questions for reflection and discussion The appendix includes numerous audits to help readers evaluate themselves on various leadership components Being Leaders is the first book of a two part series on leadership The companion book will address the how to of building leaders

Relational Leadership Walter C. Wright, Jr.,2012-03-13 Walter C Wright develops a biblical management model that fosters an environment of active participation in an organization s mission Foreword by Richard J Mouw and Eugene H Peterson

Elders Lead a Healthy Family J. R. Miller,2017-04-20 Elders Lead a Healthy Family explores the biblical paradigm for shared leadership elders as the spiritual big brothers and shepherds to the family of God This book is a fresh biblical alternative to the standard fare of pragmatic church leadership Delivered in a winsome and irenic style the book addresses the key concerns of our day including pastoral burnout women as elders women and the pastoral gift power in leadership abuse of power in ministry ministerial pay and fostering missional leadership structures The answer to so many of the problems facing the church is not more coaching or better education The answer requires our churches to change the very structures that foster abuse isolation and burnout If we hope to save our pastors then we need our pastors to abandon the pastor as CEO model of leadership If we want to reach the lost we need a systemic change in the way we plant grow and maintain our churches Instead of putting a solo leader at the top of Church Incorporated we need to build teams of elders doing ministry together as they lead the family of God
