Blackbook Sessions:

Blackbook Sessions Markus Christl, 2003 Blackbook Sessions shows the ongoing process with writing from sketches to the finished pieces These include quick thoughts sketched scenes and other ideas that have come with trial and error to get to the final style The sketches here are rough with all their strengths and weaknesses While these were once reserved for an intimate circle of friends a foundation to study and build their skills from and something to discuss this once private raw style is now yours to study *Stylefile.blackbook.sessions* Stylefile Productions, O. Zimmermann, 2007 *Blackbook Session 2* Markus Christl, 2005 The blackbook is the most coveted and guarded part of a graffiti writer's arsenal The forerunner to this great new book Stylefile Blackbook Sessions or was runaway bestseller Blackbook Sessions 2 draws the reader into this magical new form and shows how the creation of graffiti evolves from quick illustrations of thoughts and ideas to a process of trial and error finally arriving at the final street style Some street styles are no more than sketches or plans with all their budding strengths and difficulties while others still are complex finished works of art Because many writers guard their Blackbooks closely this book provides a rare opportunity to study the raw talent of some of the world's most famous graffiti artists past and present
