in Comparative Perspective Jocelyne Cesari,José Casanova,2017-04-14 The relationship between secularism democracy religion and gender equality has been a complex one across Western democracies and still remains contested When we turn to Muslim countries the situation is even more multifaceted In the views of many western commentators the question of Women Rights is the litmus test for Muslim societies in the age of democracy and liberalism Especially since the Arab Awakening the issue is usually framed as the opposition between liberal advocates of secular democracy and religious opponents of women s full equality **Islam Gender and Democracy in Comparative Perspective** critically re engages this too simple binary opposition by reframing the debate around Islam and women s rights within a broader comparative literature Bringing together leading scholars from a range of disciplines it examines the complex and contingent historical relationships

between religion secularism democracy law and gender equality Part One addresses the nexus of religion law gender and democracy through different disciplinary perspectives sociology anthropology political science law Part Two localizes the implementation of this nexus between law gender and democracy and provides contextualized responses to questions raised in Part One The contributors explore the situation of Muslim women s rights in minority conditions to shed light on the gender politics in the modernization of the nation and to ponder on the role of Islam in gender inequality across different Muslim countries
