**Book Description** If you're unsure whether adopting SAP S/4HANA is the right move for your enterprise then this book is for you. This practical and comprehensive guide will help you determine your next steps toward building a business case while preparing you for all the possible scenarios and enabling you to make informed decisions during implementation.

**RISE with SAP toward a Sustainable Enterprise** is packed with clear and detailed advice including a run-through of what it takes to design the landscape using RISE with SAP. As you go through the chapters you'll get a solid understanding of precisely what services are available such as Process Discovery, data migration, the fit to standard approach, and which scope items on RISE with SAP should be considered, allowing you to make the most of RISE with the SAP-based model. Finally, you'll get an overview of different industry-based use cases and how they can be brought to reality with the platform that's set up on the RISE with SAP offering.

By the end of this book you'll be able to build a detailed business case to determine if RISE with SAP is the right transformation engine for you, along with a clear idea of optimized landscape design on RISE with SAP that addresses the pain points for your implementation and support activities.

**What you will learn:**

- Understand the challenges faced by organizations and CXOs with the emerging market trends.
- Know what to consider when creating a business case for RISE with SAP.
- Explore deployment options within RISE with SAP and other functional and non-functional services.
- Understand optimized landscape design on RISE with SAP along with effective implementation and support.
- Take the optimum approach in adopting S/4HANA with levers like Process Discovery, testing, and automation.
- Discover possibilities when dealing with SAP, the vendor ecosystem, and cloud products driven by industries.

**Who this book is for:** This book is for CXOs and solutions and enterprise architects who've been working in the SAP ecosystem and want practical and concise advice on how to get up and running with the adoption of S/4HANA by leveraging RISE with SAP as the enabling engine. This book is also for professionals working toward creating a business case and trying to identify all possible best practices around the adoption of RISE with SAP and associated industry use cases.

Prior experience with either SAP or a different ERP will help you get the most out of this book.
