Windswept House:

Windswept House Malachi Martin, 1996 In Biblical times they would have called him a prophet said The Dallas Morning News of Malachi Martin The Houston Chronicle dubbed him one of the people most knowledgeable about the inner workings of the Vatican currently writing about the church In Windswept House this brilliant theologian and writer offers a gripping provocative novel of faith and betrayal power and conspiracy within and without the walls of the Vatican As the Cold War ends and the Soviet government collapses a secret international association of political religious and financial leaders at last sees a clear path to a new world order the establishment of a single global government and economy Their modus operandi taking control of the Roman Catholic Church by forcing the Pope's resignation and seizing power through a network of co-opted cardinals Their perfect pawns a pair of American brothers one a lawyer and one a priest scions of an old Texas family based at Windswept House who will be placed as unknowing operatives within the Vatican What the conspirators cannot know is that while one brother will play along willingly the other will become one of the Pope's closest allies and that within their own ranks lies another more secret group with aims even more ambitious and deadly than their own Complex and thrilling set against a backdrop as broad as the world and as intimate as the most rarefied chambers of Vatican power and privilege Windswept House is as vivid and immediate as today's headlines and tomorrow's

Windswept House Malachi Martin, 1998-07-13 The Cold War has ended With a scope and daring not possible until now an unlikely international alliance of top level political financial and religious interests sees the way clear at last to its ultimate goal the establishment of a single global society Utopia These are men with nothing in common but immense power and a towering ambition for still more With world unity and prosperity as their slogan and with betrayal scandal and murder as their ready weapons they have the means and the will to capture as their own the perfect global machinery for their plans the oldest wildest and most stable political chancery in the world the Vatican At the vortex of this lethal struggle stands the embattled Pope a geopolitical genius whose elimination is the short term solution to a long term goal and two American brothers Paul and Christian Gladstone one a lawyer and the other a priest who appear to be the perfect pawns One falls prey to the sharp teeth of greed for power The other will become one of the Slavic Pontiff's closest allies and will discover the darkest secrets at the very heart of papal Rome From America to Europe to Russia in broad landscapes and clandestine corridors a rich and varied cast presidents and politicians simple saints and savvy sinners popes and pope makers clash with one another amid dramatic and sometimes bloody events that will affect the destiny of every person alive today
