*Erotic Comics in Japan* Kaoru Nagayama, 2025-10-01 Comics and cartoons from Japan or manga and anime are an increasingly common feature of visual and popular culture around the world While it is often observed that these media forms appeal to broad and diverse demographics including many adults eroticism continues to unsettle critics and has even triggered legal action in some jurisdictions It is more urgent than ever to engage in productive discussion which begins with being informed about content that is still scarcely understood outside small industry and fan circles *Erotic Comics in Japan* An Introduction to Eromanga is the most comprehensive introduction in English to erotic comics in Japan or eromanga Divided into three parts it provides a history of eroticism in Japanese comics and cartoons generally leading to the emergence of eromanga specifically an overview of seven themes running across works with close analysis of outstanding examples and a window onto ongoing debates surrounding regulation and freedom of expression in Japan

**Imagining Mary** Daniel Rancour-Laferrriere, 2017-11-15 *Imagining Mary* breaks new ground in the long tradition of Christian mariology The book is an interdisciplinary investigation of some of the many Marys East and West from the New Testament Mary of Nazareth down to Our Lady of the Good Death in the twentieth century In *Imagining Mary* Professor Rancour-Laferrriere examines the mother of God in her multireligious and pan historical context The book is a scholarly study but it is written in a clear straightforward style and will be comprehensible to an educated and above all intellectually curious general audience It will appeal to anyone who has ever

wondered for example about the flimsy scriptural basis of many beliefs about Mary or the tendency of many mariologists to depict Mary as an incestuous bride of Christ or the theological notion of Mary's loving consent to her son's crucifixion or the idea that Mary was a priest officiating at the sacrifice of her son or the unfortunate association of Mary with Christian anti-semitism or the curious appeal of Mary to the terminally ill and so on Special attention is given to the psychology of representations of Mary such as the psychological basis for promoting Mary to the status of a goddess the psychology of Mary's compassion for her son at the foot of the cross and the psychological conflict in Mary's personal relationship with her son Jesus These topics are admittedly diverse but they all have long been on the minds of mariologists The author takes a questioning approach to received wisdom about marian themes including the assumption that one has to be a theist in order to understand the great appeal of Mary down the centuries Indeed Imagining Mary may be regarded as a first step in the direction of an atheist mariology

Ravishment of Reason Brandon Chua,2014-09-11 Ravishment of Reason examines the heroic dramas written for the restored English theatres in the later seventeenth century reading them as complex and sophisticated responses to a crisis of public life in the wake of the mid century regicide and revolution The unique form of the Restoration heroic play with its scenes of imperial conquest peopled by hesitating and indecisive heroes interrogates traditional oppositions of agency and passivity autonomy and servility that structure conventional narratives of political service and public virtue exploring in the process new and often unsettling models of order and governance Situating the dramas of Dryden Behn Boyle Lee and Crowne in their historical and intellectual context of civil war and the destabilizing theories of government that came in its wake Brandon Chua offers an account of a culture's attempts to reconcile civic purpose with political stability after an age of revolutionary change
