Pawns In The Game:

Pawns in the Game William Guy Carr,1993 *Pawns of the Game* Joe Black,2015-02-28 Pawns of the Game is a novel written loosely off the old conspiracy theory of the Illuminati utilizing the mystery system of Free Masonry and that of ancient Egypt s religiosity to control contemporary societies massive The historical archaeological and biblical material is real as are the gospel quotations and fragments Contemporary characters are my own creation but many of the ancillary characters actually exist merely to lend support for realism sake However the portraits I paint of them are fictional in respect to names things places and time The lead characters in the novel are a secret clique of streetwise men who gained possession of the true knowledge that creates the TRINITY of the Illuminati Freemasons and ancient Egypt s star cult religious mystery system in order to mastermind their own plot to gain economic and political power within society of the city of New York
