Instructors will now have time to cover all the necessary topics and also use the various support materials. Each chapter contains tables, photographs and figures carefully chosen to illustrate in a visually appealing way the points and messages of the chapter. Important topics such as those presented in the following examples reinforce the essentials approach. Chapters 1 and 2 present business concepts to students and in Chapters 3, 4, 5 the legal, ethical and global issues are introduced. Chapter 6, 7, 8 explore the management side and Chapters 9, 10 further discuss developing the human resource skills necessary to good employees.
