Kenneth MacLennan, 2014-08-08 The world is replete with conflicts between various governments and various religious factions Author and retired educator H Kenneth MacLennan has come to realize that these conflicts will not be resolved until the believers of these religions and governments better understand the true nature of those things in which they believe Everyman s Prayer Book is a humorous satirical and a sometimes serious look at the nature of how democratic governments and their courts using many of the same pillars and elements of the legal definition of witchcraft crafty science sorcery and fortune telling to procure tax payments from believers as Christianity uses in seeking offerings from believers In considering the nature of democratic governments and their courts you will find important truths and insights into human nature Those insights and truths will be revealed through satirizing ridiculing

lamponing skewering deflating dissecting embarrassing undressing unmasking and exposing the illusion that the crafty science of democracy represents the people and that there is such a thing as real justice in the courts of democratic governments Without faith in the existence and power of God although the concept of faith is without foundation and the opposite of reason believers would not accept the power of religions or democratic governments and their courts *The Play of Everyman* Hugo von Hofmannsthal,1917 **Everyman's War** Raghu Raman,2013-07-23 What do Naxal terrorists have in common with Somali pirates What man made event triggers more refugees than all wars put together How do terrorist movements end And how can you help Everyman s War is a collection of insightful essays that describe our participatory role in securing ourselves and our progeny Defence internal security and terrorism are important yet closely guarded issues Even as outrage over safety of women and rising terror take centrestage there continues to be limited access to information on the subjects of national defence and security especially in a language that a layman can understand Raghu Raman an expert on security and terrorism presents issues of defence strategy and national security in an engaging narrative with historical and contemporary examples He recalibrates the great India rising story with its real and present dangers and the role of a regular citizen in this everyman s war *Everyman's Book of Saints* Charles Philip Stewart Clarke,1919
