Cole, 2002 Practical Exam Preparation Guide of Clinical Skills for Athletic Training is a new study guide for the athletic training student that will aid in preparation for the practical portion of the NATABOC certification exam This learning tool will also serve as a means of developing entry level clinical skills as part of the Learning Over Time concept The majority of clinical skills included in this book are specific outcomes of Clinical Proficiencies referenced in the NATA Athletic Training Educational Competencies The user friendly format makes this study tool a valuable component of exam preparation The student will be able to learn practice and test clinical skills with an easy to follow checklist design The clinical educator will also benefit from this useful reference as a way to document when clinical skills have been taught practiced evaluated and mastered by the student The learning of these skills is a key component in the future mastery of clinical proficiencies Clinical Education documentation is a commonly weak program area and is a major focus of Practical Exam Preparation Guide of Clinical Skills for Athletic Training A rating scale makes it easy to see when and where a clinical skill has met the minimum standard set by an individual program Another added benefit is the inclusion of weighted practical exams that can be used by the student for studying or by the clinical educator for testing and assessment Perfect for the student or educator Practical Exam Preparation Guide of Clinical Skills for Athletic Training provides a wealth of information in one handy reference from practical exams to clinical skills This comprehensive resource is necessary for all the field of athletic training Features 3 weighted practical exams Easy to follow checklist design Clinical Education documentation Supply lists for each clinical skill

A Competency-based Teacher Training Manual Thomas M. Vodola, 1976

The Practical Handbook of Clinical Gerontology Laura L. Carstensen, Barry A. Edelstein, Laurie Dornbrand, 1996-06-24 Applied gerontology and geriatrics always entail a multidisciplinary perspective and usually demand an interdisciplinary treatment approach Providing a unique combination of perspectives treatment approaches and expertise The Practical Handbook of Clinical Gerontology explores issues relevant to practitioners who work

with the elderly A leading cast of contributors representing the fields of psychology medicine neuropsychology nursing and law examines what is known about specific disorders and discusses treatment techniques and the development of intervention plans This comprehensive volume begins with an overview of several broad topics pertinent to the treatment of older adults and discusses special considerations in assessment It then presents up to date information on treatment of specific psychological and behavioral disorders of older adults The final section covers interdisciplinary issues including information about common medical problems rehabilitation and the psychopharmacological treatment of mental health problems Written in a language that is accessible to a general health care audience this extensive volume will be a valuable resource for mental health care providers medical students researchers and graduate students in such fields as geriatrics gerontology nursing psychology and social work Please note the following three quotes are from the same person This handbook has a variety of attributes that make it a highly desirable desk reference for today s mental health practitioners in geriatrics and gerontology Few stones have been left unturned in the 22 reader friendly chapters that comprise the handbook Not only are general treatment issues addressed in great detail but assessment procedures the treatment of specialized psychological and behavioral problems and even issues in effective collaboration with medical geriatricians are considered The scope and breadth of clinical knowledge and wisdom found within the covers of this volume are certainly impressive Lenard W Kaye Professor Bryn Mawr College The authors have succeeded in drawing on the expertise of a broad range of recognized authorities in clinical gerontology who have the capacity to communicate to the reader with considerable clarity both current information and best practice strategies of mental health intervention with older adults Lenard W Kaye Professor Bryn Mawr College It would be difficult to find another reference source in clinical gerontological practice that is able to deal with the challenges of practice in this area with greater comprehensiveness and authority The multidisciplinary perspective of the handbook ensures it being a valuable addition to the clinical practice collections of psychologists social workers nurses gerontologists and other allied health professionals And once obtained it should not gather dust given the currency and utility of the information Lenard W Kaye Professor Bryn Mawr College
