

Request for Proposals (RFP)

1. INTRODUCTION

1.1 Objective of the RFP

The purpose of this Request for Proposals (RFP) is to enter into a contractual agreement with a successful bidder and select a suitable contractor to carry out the following work: "An independent external evaluation of two projects on the Accelerating Nutrition Improvements in Sub-Saharan Africa (ANI)". This project is financed by the Canadian Department of Foreign Affairs, Trade and Development (DFATD) and implemented by the World Health Organization.

WHO is an Organization that is dependent on the budgetary and extra-budgetary contributions it receives for the implementation of its activities. Bidders are therefore requested to propose the best and most cost-effective solution to meet WHO requirements, while ensuring a high level of service.

1.2 About WHO

1.2.1 WHO Mission Statement

The World Health Organization was established in 1948 as a specialized agency of the United Nations. The objective of WHO (www.who.int) is the attainment by all peoples of the highest possible level of health. Health, as defined in the WHO Constitution, is a state of complete physical, mental and social well being and not merely the absence of disease or infirmity. WHO's main function is to act as the directing and coordinating authority on international health work.

1.2.2 Structure of WHO

The World Health Assembly (WHA) is the main governing body of WHO. It generally meets in Geneva in May of each year and is composed of delegations representing all 194 Member States. Its main function is to determine the policies of the Organization. In addition to its public health functions, the Health Assembly appoints the Director-General, supervises the financial policies of the Organization, and reviews and approves the proposed programme budget. It also considers reports of the WHO Executive Board, which it instructs with regard to matters upon which further action, study, investigation or report may be required.

The Executive Board is composed of 34 members elected for three-year terms. The main functions of the Board are to give effect to the decisions and policies of the WHA, to advise it and generally to facilitate its work. The Board normally meets twice a year; one meeting is usually in January, and the second is in May, following the World Health Assembly.

SharePoint 2007 User's Guide Tony Smith, Seth Bates, 2007-04-30 Microsoft Office SharePoint Server 2007 and Windows SharePoint Services 3.0 is the next generation of Microsoft SharePoint technologies. These products expand on SharePoint's information sharing and collaboration capabilities which allow you to create true enterprise information management information sharing and collaboration solutions. **SharePoint 2007 Users Guide Learning** Microsoft's Collaboration and Productivity Platform is the follow up edition to the successful *SharePoint 2003 Users Guide* Apress 2005. This book provides guidance about the new workflows interface and other technologies within SharePoint 2007. Authors Seth Bates and Tony Smith describe SharePoint in a variety of environments and have the expertise and ability to stand behind this useful guide catering to anyone who works with SharePoint technologies in any capacity.

SharePoint 2010 User's Guide Seth Bates, Anthony Smith, Roderick Smith, 2010-07-30 Microsoft SharePoint Foundation 2010 and SharePoint Server 2010 provide a collection of tools and services you can use to improve user and team productivity, make information sharing more effective and facilitate business decision making processes. In order to get the most out of SharePoint 2010 you need to understand how to best use the capabilities to support your information management, collaboration and business process management needs. This book is designed to provide you with the information you need to effectively use these tools. Whether you are using SharePoint as an intranet or business solution platform you will learn how to use the resources such as lists, libraries and sites and services such as publishing workflow and policies that make up these environments. Information and process owners will be given the knowledge they need to build and manage solutions. Information and process consumers will be given the knowledge they need to effectively use SharePoint resources. In this book Seth Bates and Tony Smith walk you through the components and capabilities that make up a SharePoint 2010 environment. Their expertise shines as they provide step by step instructions for using and managing these elements as well as recommendations for how to best leverage them. As a reader you will then embrace two common SharePoint uses: document management and project information management and walk through creating samples of these solutions, understanding the challenges these solutions are designed to address and the benefits they can provide. The authors have brought together this information based on their extensive experience working with these tools and with business users who effectively leverage these technologies within their organizations. These experiences were incorporated into the writing of this book to make it easy for you to gain the knowledge you need to make the most of the product.

SharePoint 2003 User's Guide Seth Bates, Tony Smith, 2006-11-08 Microsoft SharePoint Portal Server 2003 and Windows SharePoint Services address a variety of information sharing and collaboration needs providing an innovative way for you to manage information. In order to get the most out of SharePoint you need to understand its capabilities to create materials, collaborate with others and share enterprise information. Whether you're a beginner or an experienced SharePoint user, *SharePoint 2003 User's Guide* is designed to provide you with the information you need to

effectively use these tools The authors who are experienced SharePoint consultants take a real world look at the best practices for Microsoft SharePoint 2003 and include many detailed examples you can build on The first section of the book describes the basic and advanced building blocks in both of the SharePoint technologies With step by step examples the authors explain features like portals sites lists and libraries Advanced topics include targeting content managing security and integrating with Microsoft Office 2003 The second section expands on these features by showing you how to build the most commonly used SharePoint solutions The book describes the challenges these solutions are designed to address and the benefits that are realized by using a SharePoint based solution The authors provide specific instruction and examples that will allow you to effectively configure SharePoint for document collaboration information centers and other detailed scenarios

Software Quality Assurance Claude Y. Laporte, Alain April, 2018-01-04 This book introduces Software Quality Assurance SQA and provides an overview of standards used to implement SQA It defines ways to assess the effectiveness of how one approaches software quality across key industry sectors such as telecommunications transport defense and aerospace Includes supplementary website with an instructor s guide and solutions Applies IEEE software standards as well as the Capability Maturity Model Integration for Development CMMI Illustrates the application of software quality assurance practices through the use of practical examples quotes from experts and tips from the authors

Telecommunications Cost Management William A. Yarberry Jr., Brian DiMarsico, Thomas Phelps IV, 2002-09-17 Busy decision makers need the specifics quickly without plowing through details that do not affect the economics of a project Telecommunications Cost Management presents the key facts up front with sample calculations for broadband local access equipment and service alternatives It provides a blueprint for cost reduction across all major technologies from frame relay to IP telephony to contract recommendations The text presents scenarios showing the effect of different architectural strategies for both voice and data communications An Architectural Review lists alternatives to the traditional PBX and discusses how to minimize local access costs
