Collaborations Catharina Christophersen,Ailbhe Kenny,2018-01-09 Musician Teacher Collaborations Altering the Chord explores the dynamics between musicians and teachers within educational settings illustrating how new musical worlds are discovered and accessed through music in education initiatives An international array of scholars from ten countries present leading debates and issues both theoretical and empirical in order to identify and expand upon key questions How are visiting musicians perceived by various stakeholders What opportunities and challenges do musicians bring to educational spaces Why are such initiatives often seen as saving children music and education The text is organized into three parts Critical Insights presents new theoretical frameworks and concepts providing alternative perspectives on musician teacher collaboration Crossing Boundaries addresses the challenges faced by visiting musicians and teaching artists in educational contexts while discussing the contributions of such music in education initiatives Working Towards Partnership tackles some dominant narratives and perspectives in the field through a series of empirically based chapters discussing musician teacher collaboration as a field of tension In twenty chapters Musician Teacher Collaborations offers critical insights into the pedagogical role music plays within educational frameworks The geographical diversity of its contributors ensures varied and context specific arguments while also speaking to the larger issues at play When musicians and teachers collaborate one is in the space of the other and vice versa Musician Teacher Collaborations analyzes the complex ways in which these spaces are inevitably altered

Journal of Music Theory Pedagogy ,2008

Accenting the Classics Deborah Mawer,Barbara L. Kelly,Rachel Moore,Graham Sadler,2023 Brings new insights to the music of well known European composers by telling a fascinating little known story about French music publishing specifically through the lens of Jacques Durand's edition

Classique French composers performers and musicologists acted as editors of eighteenth and nineteenth century European classics primarily for piano Among these editors were Faur Saint Sa ns Debussy Ravel and Dukas the objects of their

enquiries included core works by Rameau Bach Mozart Beethoven Mendelssohn Schumann and Chopin Presenting six composer editor case studies the volume shows that the French accent both musical and cultural upon this predominantly Austro German music was highly varied Editorial responses range from scholarly approaches to those directed by performance or compositional agendas and from pan European to strongly patriotic stances Intriguing intersections are revealed between old and new and between French and cross European canons Beyond editing the book explores the role in pedagogy and performance including by pianists Robert Casadesus and Yvonne Loriod and in the reassertion of contemporary French composition especially regarding innovation around neoclassicism It will interest a wide readership including musicologists performers and concert goers cultural historians and other humanities scholars

Jazz Eddie S. Meadows, 2013-10-23 Jazz Research and Pedagogy is the third edition of an annotated bibliography to books recordings videos and websites in the field of jazz Since the publication of the 2nd edition in 1995 the quantity and quality of books on jazz research performance and teaching materials have increased Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date several books on research performance and teaching materials were omitted In addition given the proliferation of new books in all jazz areas since 1995 the need for a new comprehensive and annotated reference book on jazz is apparent Multiply indexed this book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade
