Atlas Of Acupuncture Points Acupuncture Charts Meridian:

Acupressure Meridian Atlas Sam McClellan,2022-08-12 An atlas of acu points designed for bodyworkers Includes descriptions of all acu points their location and their traditional use along with charts of all twelve organ meridians and including all eight extraordinary meridians seldom seen in acupuncture charts Why use an acupressure atlas instead of an acupuncture atlas Bodywork is different from needling Acupuncture charts are designed for finding the precise location of the acupuncture points but an acupuncturist doesn't need to know the exact location of the meridian itself Because of this most acupuncture charts show a simplified version of the path of the meridian In acupressure along with working on points we typically trace massage along the course of a meridian to clear blockages and promote Qi flow The Acupressure Atlas charts include the actual course of each meridian including the branch pathways not included in most acupuncture charts Similarly an acupuncturist has no need to locate the six extraordinary meridians that have no points of their own but in acupressure it can be very helpful to trace these meridians In addition the normal method of measurement in acupuncture is the cun a measurement based on the width of the thumb at the first joint This makes sense if you are measuring where to put a needle But in acupressure we are measuring from one finger placement to another Measuring the distance between points in this way removes your fingers from the points which doesn't make sense For this reason point locations are shown in finger distances where you have your fingertips on each point

The Omega Paradox Richard Kellier,2013-01-23 Something new walks the face of the Earth A scientific mystery on a collision course with occult and religious beliefs Some believe he is a new phase in human

evolution Omega Man others believe he is the Second Coming of Jesus Christ a New Messiah It all started as a mild preoccupation for geneticist Tim Leigh then swiftly blossomed into a full blown obsession Never a moment can go by without him being drawn to the series of framed prints on his office wall As he stares at the images the images stare back through dark inscrutable eyes There they sit little fat Buddhas challenging him to solve the mystery behind their imperturbable gaze The images Tim gazed at in this daily mind game were a series of ancient acupuncture charts but behind their deceptive facade lay hidden a mystery that had survived down the ages An ancient enigma waiting to be revealed Rachel Kardo had no idea what she was being roped into when she agreed to help a colleague investigate what he believed to be a hidden message within ancient medical charts Before she knew it she was at the centre of the most extraordinary events in human history Some say it is a New Beginning some say it is the End of Days for humanity as we know it Only one thing is certain by whatever forces rule our fate it has been decreed that the time for a new beginning is now The ancient code is decrypted and the message reveals something deeply mystifying unprecedented and bizarre An event that will change everyone s lives forever Now there is something new on the surface of the Earth a thing more hotly argued over and disputed or accepted than any previously revealed scientific discovery Whichever side of the argument you choose to adopt there is an opposing force that intends to destroy your belief system Descendants of a Nazi Elite who have remained hidden while still engaged in their evil pursuits set out to destroy the promised new beginning Nazi scientists embark on a project to create a super race What they actually create is an abomination of the human form a being inherently evil It s Creator Erica Wiligut is the nemesis of all that is good to some she will be seen as the Anti Christ Events culminate in the ultimate battle between good and evil played out at one of mankind s most sacred religious locations and a revelation for all humanity Be warned All is not what it seems Could the Second Coming of Jesus Christ be revealed in ancient code Or is the Omega Man a new and evolved type of human FIVE STAR EVIEWS MINDBLOWING I couldn t put it down Can t wait for future books Really makes you want to find out what s real theory or fiction Very well written No filler stories or background fluff Don t mind missing a night of sleep for a book like this A CRACKING GOOD READ Loved this book really original plot and I shall certainly be first in line for the second book by this author
