Explained For Entrepreneurs 9 25 Blockchain Development Explained For:

Professionalization in the Creative Sector Margaret J. Wyszomirski, WoongJo Chang, 2023-10-26 This book seeks to better understand the processes and influences that have driven professionalization in the arts It develops an analytical framework that examines how processes of professionalization that typically influence and shape work conditions and occupational status are in the creative sector augmented by atypical worker efforts and choices to self structure their protean careers The book brings together a collection of works that explore the specific trajectories of professionalization in a variety of creative occupations as well as the formative processes that work across many creative occupations In particular the scholarship presented focuses on the interaction of three key variables field growth and institutionalization mutual benefit organization within fields and occupations and the intervention of cultural policy to validate and foster professional support structures In the broader context of expanding globalization growing awareness of diversity and tectonic shifts in technology this volume unveils research based implications for cultural policy cultural workers and cultural organizations This book will be of interest to researchers creative professionals as well as undergraduate and graduate level students in the fields of arts administration and culture

Entrepreneurial Finance, Innovation and Development Vi Dung Ngo, Duc Khuong Nguyen, Ngoc Thang Nguyen, 2021-11-29 Entrepreneurship is now unanimously considered a major engine for socio economic development mainly because it creates jobs and innovation Governments around the world pay special attention to removing entrepreneurial barriers in order to support development via different policies especially entrepreneurial finance Developing emerging and transition economies DETEs significantly differ from industrialized countries because of their specific conditions institutions infrastructure facilities and bureaucratic procedures within the administrative system Thus firms and their entrepreneurs in and from DETEs may behave differently particularly in terms of their financial strategies Therefore contextualizing is critical to better understand the relationship between entrepreneurial finance innovation and development in DETEs This book provides a systematic and profound understanding of how finance entrepreneurship innovation and their interactions contribute to economic development in DETEs which cover a large number of countries in Asia Central and Eastern Europe Latin America and Africa The book mainly includes empirical studies and is divided into four parts Part A includes four chapters which adopt a multinational approach to examine different sources and types of finance for entrepreneurship and small business in different groups of countries classified as DETEs Part B also includes four chapters and focuses on entrepreneurial finance in specific countries belonging to the DETEs Part C goes beyond the business scope of entrepreneurial finance and includes three chapters concerned with the relationship between finance women s entrepreneurship and poverty Part D includes three chapters focusing on the comparison within developing countries as well as between developing and developed countries This essential and comprehensive resource will find an audience amongst academics students educators and practitioners as well as policymakers and regulators

Digital Entrepreneurship in

Science, Technology and Innovation Marina Dabić, Jadranka Švarc, Tugrul U. Daim, 2024-12-09 Digital Entrepreneurship in Science Technology and Innovation explores digitalization in various spheres of life with a focus on business models innovation scientific research entrepreneurship and sustainability *Current Trends in Entrepreneurship: Entrepreneurial Orientation, Intention, and Alertness* Anna Ujwary-Gil, 2023-01-01 Business consulting knowledge absorptive capacity and innovativeness A triangular model for micro and small enterprises in Poland Abstract PURPOSE This paper proposes a triangular relationship between business consulting knowledge absorptive capacity and innovativeness The role of knowledge absorptive capacity in stimulating the impact of business consulting on innovativeness is studied METHODOLOGY An empirical study is conducted using the CATI method and it is based on data concerning 382 Polish micro and small enterprises Qualitative variables reflecting using business consulting knowledge absorptive capacity and innovativeness are defined The multivariate discrete choice model taking into account relationships among these constructs is proposed and its parameters are estimated FINDINGS The results of the empirical research indicate that business consulting in Poland and similar countries may help firms implement innovative solutions Knowledge absorptive capacity stimulates innovativeness and has a positive impact on the relationship between using business consulting and improvement in innovativeness Though the frequency of using business consulting is an important factor in improving innovativeness cooperation between a consultant and a manager matters more IMPLICATIONS Results of the empirical research indicate that cooperation between a consultant and a manager may help reduce differences of opinion and internal conflicts A higher propensity to cooperate may significantly improve the functioning of an enterprise Business consulting has an indirect and direct effect on innovativeness It has a positive impact on knowledge absorptive capacity while better knowledge stimulates innovativeness ORIGINALITY AND VALUE An original triangular model of the relationship between business consulting knowledge absorptive capacity and innovativeness is proposed Advanced econometric methods are used in order to find complex relationships between using business consulting knowledge absorptive capacity and improvement in innovativeness Moreover results of the estimation of the parameters of the econometric model provide interesting recommendations for policies supporting the development of business consulting in the Polish economy Keywords business consulting knowledge absorptive capacity innovativeness multivariate discrete choice model development support policy econometric model economy Sustainable development and entrepreneurship in emerging countries Are sustainable development and entrepreneurship reciprocally reinforcing Abstract PURPOSE Entrepreneurship seen as an engine for economic development is especially desirable for emerging countries to support rapid growth Moreover entrepreneurs can support social transformation in favor of more sustainable products and services Sustainable orientation of entrepreneurship contributes to sustainable development goals and prevents environmental deprivation However the sustainable development agenda can also influence entrepreneurship METHODOLOGY The conducted bibliometric analysis confirmed the growing interest among

scholars in the correlation of entrepreneurship to sustainability in the last years Furthermore panel regression static model was used to explore the variables on entrepreneurship influencing the sustainable development goal SDG index in emerging countries and Levin Lin and Chu LLC W Stat IPS ADF Fisher Chi Square and PP Fisher Chi Square tests were applied to analyze the variables stationarity In order to examine the existence of structural breaks the robustness was checked on single cross section units and on the whole panel dataset In addition the Hausmann test was used to select between random and fixed effects and heteroskedasticity of residues autocorrelation of residues and dependence of residues between the panels were conducted Data was analyzed through Eviews 13 FINDINGS This paper investigates the relationship between sustainability and entrepreneurship in emerging countries It discusses the impact of sustainable development on entrepreneurship and the influence of entrepreneurship on sustainable development IMPLICATIONS The study results can be used by governments and policymakers to plan their strategies and policies concerning entrepreneurship and implementation of sustainable development goals They should promote entrepreneurial activity and control the negative environmental impact of enterprises simultaneously ORIGINALITY AND VALUE The research addresses the gap in the literature concerning the relationship between sustainable development and sustainable entrepreneurship The paper examines the reciprocal relationship between sustainable development and entrepreneurship with an emphasis on emerging countries Keywords entrepreneurship sustainability sustainable development sustainable entrepreneurship emerging countries entrepreneurs Is Team Entrepreneurial Orientation important in generating creative business ideas The moderating role of team perceived heterogeneity and the individual creative mindset Abstract PURPOSE The study aims to unveil if Team Entrepreneurial Orientation TEO facilitates identification of creative market opportunities understood as novelty and quality business ideas Entrepreneurial Orientation EO has rarely been measured at a team level and few studies have attempted to examine the relationship between EO and actual creative outcomes The proposed research model searches for new patterns that can foster creativity of entrepreneurial teams In addition the research adds the moderating effect of perceived team heterogeneity and individual creative mindset Growth Creative and Fixed Creative Mindsets as contingency variables to improve the understanding under which circumstances the entrepreneurial teams generate creative business ideas METHODOLOGY The research sample comprises entrepreneurial teams from the Mondragon Team Academy in the Basque Country Spain The survey data were collected after the entrepreneurial teams performed idea generation The applied experiment of idea generation of entrepreneurial teams has not been generated for the purpose of the study but it formed part of the natural processes of the selected sample of teams The novelty and quality of business ideas were evaluated by experts in the field The data relationships were analyzed through partial least square structural equation modeling PLS SEM FINDINGS Entrepreneurial Orientation of teams leads to product market entries but not necessarily to novel product market entries Entrepreneurially oriented teams have a greater tendency to generate quality and slightly

modified existing business ideas rather than to generate novel market opportunities. The applied moderators present different interaction results with the studied relationships. Specifically, individuals with a Fixed Creative Mindset in a team have an antagonistic interaction on the TEO Quality relationship. Team Perceived Heterogeneity and Growth Creative Mindset of individuals have no effect on either the TEO Quality or the TEO Novelty link.

IMPLICATIONS The research demonstrates the importance of contextualization of the nature of creativity in EO as a crucial antecedent of market innovations. Our study adds to the literature and practice by providing evidence that EO at a team level TEO plays a critical role in exploring product market entries given that TEO facilitates Quality outcomes only. Entrepreneurially oriented teams do not easily achieve Novel outcomes that allow them to enter new markets. Individuals with Fixed Creative Mindset in a team should be avoided as they block the relationship between Team Entrepreneurial Orientation and Quality. Likewise, our study supports the validity of Entrepreneurial Orientation at a team level which can lead to more suitable practical implications for a team and its creativity management if applied. It could help in developing appropriate team formation and team management practices.

ORIGINALITY AND VALUE The study proposes rare and unique EO analysis at a team level and at young companies level start up. The study contributes to the original and overlooked in the literature conceptualization of EO within Schumpeter's perspective of creative destruction in entrepreneurial activities. The examined theoretical foundations of EO led to clearer antecedents of behavioural effects of entrepreneurial teams towards product market entries. The study initiates, identifies, and calls for new further research lines to contribute to a greater and contingent understanding of how entrepreneurial teams generate creative business ideas, especially novel business ideas which are necessary for creative destruction, the EO construct itself, and overall economic development.

Keywords: entrepreneurship, creativity, team, entrepreneurial orientation, creative outcomes, Subjective norms, and entrepreneurial intention. A moderated serial mediation model.

Abstract PURPOSE This study aims to clarify the effect mechanism of subjective norms on entrepreneurial intention. The results of how subjective norms contribute to forming start up intention are inconsistent and unclear, which is notable in previous research. By integrating the theory of planned behavior and the theory of self-efficacy, we investigate whether entrepreneurial self-efficacy and attitude toward entrepreneurship serially mediate the relationship between subjective norms and intention to start a business. In addition, this study examines the moderate role of entrepreneurial education on the serial indirect effect of subjective norms on entrepreneurial intention via entrepreneurial self-efficacy and attitude toward entrepreneurship.

METHODOLOGY This study utilized a sample of 958 master's students in Vietnam to investigate a moderated serial mediation model of subjective norms on entrepreneurial intention. Confirmatory factor analysis (CFA) was carried out to check the reliability and validity of the scales. Then the SPSS PROCESS macro developed by Hayes was employed to test the research model. Specifically, Model 6 was used to examine the serial indirect effect of subjective norms on start up intention, and Model 84 was implemented to investigate the moderate effect of entrepreneurial education.

FINDINGS The results of this study found that entrepreneurial self efficacy and entrepreneurial attitude significantly mediate subjective norms effect on entrepreneurial intention Especially the results reveal that the serial mediation effect of entrepreneurial self efficacy and attitude toward entrepreneurship was significant and entrepreneurial self efficacy and attitude toward entrepreneurship played a fully mediating role in the relationship between subjective norms and start up intention In addition this study found that the serial mediation effect of subjective norms on start up intention via entrepreneurial self efficacy and entrepreneurial attitude was negatively moderated by entrepreneurial education

IMPLICATIONS The results of this study further clarify the relationship between subjective norms and entrepreneurial intention and the role of entrepreneurial education therefore contributing to narrowing the notable gap between this relationship Besides our study provides several implications for governments and policymakers to promote the intention to start a business The finding of our study indicates that subjective norms are an important factor in promoting entrepreneurial intention Therefore policymakers should take some actions to promote entrepreneurial culture such as strengthening propaganda activities to promote the image of successful entrepreneurs praising businesses and entrepreneurs who contribute to society and giving evidence of their contribution to the development of the country Promoting an entrepreneurial culture may increase peer group pressure on potential entrepreneurs thus enhancing the intention to start a business

ORIGINALITY AND VALUE This study expects to contribute to a better understanding of the effect mechanism of subjective norms on entrepreneurial intention and explain the role of entrepreneurial education in this relationship This study explores the mediating role of entrepreneurial self efficacy and entrepreneurial attitude in the relationship between subjective norms and the intention to start a business Additionally this study demonstrates that entrepreneurial education weakens the serial mediation model of subjective norms on the intention to start a business

Keywords subjective norm entrepreneurial self efficacy attitude toward entrepreneurship entrepreneurial intention entrepreneurial education the theory of planned behavior the theory of self efficacy moderated serial mediation model An overview of the empirical research on entrepreneurial alertness using a systematic literature review method

Abstract

PURPOSE In the last two decades the concept of entrepreneurial alertness EA has been considered a key element in investigating how individuals recognize entrepreneurial opportunities Consequently research on entrepreneurial alertness has grown considerably attracting researchers attention from not only the field of entrepreneurship but also other academic disciplines through which this concept has been studied from a variety of perspectives Therefore it is time to document researchers cumulative knowledge on entrepreneurial alertness The present study aims to provide a comprehensive qualitative review and evaluation of the empirical entrepreneurial alertness research

METHODOLOGY Based on a multi step approach used in previous studies which guarantees a systematic transparent and replicable literature review this study identified a final sample of 84 articles published in scientific journals between 2005 and 2021 that empirically tested the

concept of EA The publications were sourced from the Web of Science database Their analysis involved the evolution of published articles the journals that have published the most articles the countries where the research was undertaken the measurement scales that have been used and the research models in which entrepreneurial alertness has been hypothesized and examined through empirical research FINDINGS The results show that empirical research on entrepreneurial alertness grew significantly from 2016 to 2021 during which period almost 11 articles per year were published Seven of the journals that published the articles contributed 28 percent of the total publications Also the results confirm that most of the empirical research on alertness has been carried out in developing economies from which China stands out with 14 publications representing 16 percent of the total Additionally the results confirm the growing consensus regarding the conceptualization and measurement of entrepreneurial alertness Finally the review resulted in the identification of five broad research models in which EA has been hypothesized and examined through empirical research antecedents consequences mediation moderation and moderated mediation The model examining the consequences or outcomes of entrepreneurial alertness has received the most attention with 59 articles in this context IMPLICATIONS FOR THEORY AND PRACTICE The identification of concepts and the type of relationship they have with entrepreneurial alertness help evaluate the advances of empirical research as well as the areas of opportunity In this way future studies can strengthen research and thus advance the general knowledge of alertness The most studied topics are also a reflection of the contribution of entrepreneurial alertness toward practice both at the individual and organizational levels In addition researchers interested in entrepreneurial alertness are encouraged to consider the progress made in the measurement of this aspect which offers alternatives for investigation ORIGINALITY AND VALUE Based on the review of the literature this study organizes the empirical research of entrepreneurial alertness in different research models which provide important insights into its process Moreover this study uncovers potential areas to be addressed and thereby contributes to the study of entrepreneurial alertness Keywords entrepreneurial alertness systematic literature review entrepreneurial opportunity research models opportunity recognition alertness entrepreneurship The linkage between economic literacy and students intention of starting business The mediating role of entrepreneurial alertness Abstract PURPOSE Enhancing the number of entrepreneurs is a major study to combat economic and social problems Psychological factors considered as effective stimulants for entrepreneurial behavior have attracted many researchers in the last decade The purpose of this research attempts to examine how the influence of economic literacy can promote the intention of starting a new business among students and explore the role of entrepreneurial alertness in mediating this relationship METHODOLOGY The research adopted a quantitative approach in which hypotheses were statistically estimated using partial least square structural equation modeling PLS SEM based on survey data using a self administered questionnaire n 450 from several universities in Indonesia FINDINGS The analysis indicates that economic literacy has a significant effect on students entrepreneurial alertness and intention to start a new

business Indeed entrepreneurial alertness can mediate the relationship between economic literacy and the intention of starting a new business However among entrepreneurial alertness dimensions scanning and search failed in determining the students intention of starting a new business IMPLICATIONS The result of this research can provide insight into the literature on the entrepreneurship theme and policymakers concerned with delivering new business creation Besides educational institutions can consider the matter of economic literacy to be part of their curricula in order to foster the students intention of starting a business In addition economic literacy also needs to be associated with examples relevant to entrepreneurial activities especially in production distribution and online marketing ORIGINALITY AND VALUE The interesting findings of this paper serve as a reminder that entrepreneurial alertness is one of the predictor variables and mediators for raising the students intention This implies that entrepreneurial alertness can be enhanced by economic literacy as well as how they need to be used to improve course curriculum and the teaching pedagogy Furthermore educational institutions could provide business internship programs and entrepreneurship incubators to raise the students intention of starting business Keywords economic literacy entrepreneurial alertness intention starting business Corporate Entrepreneurship and Sustainability Sarah Lai-Yin Cheah, Joshua Ng Jun Zhi, 2025-06-19 This book provides detailed case studies exploring how industry leading organizations are integrating corporate innovation and sustainability initiatives The book first introduces the difficulties and importance of managing innovation within established organizations It identifies five themes key for organizations seeking to future proof their business external drivers in the business environment structures for corporate entrepreneurship modes of collaboration sustainability as a lever for innovation and performance management It then provides detailed case studies of how companies across diverse sectors such as banking shipping and real estate made the choice between short term profit and future proofing their business Cases are written such that they can be used independently and a storytelling approach is used so that readers may apply the conceptual frameworks and see how theories are translated into practice Detailed teaching notes are available for instructors each containing a sample lesson plan six discussion questions suggested answers and further readings A useful teaching resource for instructors and students in corporate entrepreneurship corporate innovation and strategic foresight *Proceedings of the 4th International Conference on Economic, Business, and Accounting Studies (ICEBAST 2025)* Novi Puspitasari, Zainuri Zainuri, 2026-01-25 This is an open access book About Conference Background The 4th International Conference on Economic Business and Accounting Studies ICEBAST 2025 with the theme Sustainable Business Transformation Strategies for a Net Zero Future aims to gather leading academics researchers practitioners policymakers and students from around the world to exchange insights and share cutting edge research on all aspects of economics business and accounting in the era of sustainability The conference provides a premier interdisciplinary platform for presenting and discussing the most recent innovations trends challenges and practical solutions in areas such as sustainable business models green finance ethical accounting ESG

Explained For Entrepreneurs 9 25 Blockchain Development Explained For Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Explained For Entrepreneurs 9 25 Blockchain Development Explained For free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Explained For Entrepreneurs 9 25 Blockchain Development Explained For free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Explained For Entrepreneurs 9 25 Blockchain Development Explained For free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Explained For Entrepreneurs 9 25 Blockchain Development

Explained For. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Explained For Entrepreneurs 9 25 Blockchain Development Explained For any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Explained For Entrepreneurs 9 25 Blockchain Development Explained For Books

What is a Explained For Entrepreneurs 9 25 Blockchain Development Explained For PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Explained For Entrepreneurs 9 25 Blockchain Development Explained For PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Explained For Entrepreneurs 9 25 Blockchain Development Explained For PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Explained For Entrepreneurs 9 25 Blockchain Development Explained For PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Explained For Entrepreneurs 9 25 Blockchain Development Explained For PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors

like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
