**Calculations for Pharmaceutical Practice** Arthur J. Winfield,Ivan Edafiogho,2005 A comprehensive and clearly written book on pharmacy calculations which covers all the calculations that students of pharmacy need to know in relation to pharmacy practice and clinical pharmacy It includes a large number of self testing questions at the end of each chapter as well as some mock UK registration exam papers The self testing aspect is important

and is in line with the educational premise that it is only through practice of calculations that true competence is achieved. The book will be especially useful for anyone preparing for registration exams in pharmacy in particular those based on the UK exam. It will be an invaluable tool in developing the critical skills necessary for student and prereg pharmacists and will also be a useful reference during subsequent practice. Contains self study questions and answers many with worked examples. Includes mock registration exam papers. Ideal for exam preparation and as a reference for later practice. Includes a chapter on pharmacokinetics. Serves as a useful reference during practice. *British Pharmaceutical Codex*, 1994 **The Cumulative Book Index**, 1996 A world list of books in the English language Subject Guide to Books in Print, 1991

*Remington* Joseph Price Remington, Alfonso R. Gennaro, 2000 For more than 100 years this textbook has been the definitive reference for all aspects of the science and practice of pharmacy and is used for pharmaceuticals therapeutics and pharmacy practice courses in primary curricula. Since the first edition was published pharmacists have used this book as a key one stop reference. This updated edition covers many education and practice issues from the history of pharmacy and ethics to industrial pharmacy and pharmacy practice. New to the edition are expanded sections on pharmacy administration and patient care which include new topics such as nutrition in pharmacy practice self care and home diagnostic products health care delivery systems and interdisciplinary care and home health patient care. Also information has been condensed into one volume for greater portability and convenience. **Medical and Health Care Books and Serials in Print**, 1997
